Gr. 5 → Gr. 6

June 2025

Dear Parents,

Summer packets and supply lists are being sent home with your child today. The summer packets are required to be completed and returned to the teacher during the first week of school in September. (For Pre-K3 and Pre-K4 students, even though we are asking for them to choose 2 books to read, only one book report is required.)

For returning students going into grades 3 – 8 in September, 20% of your grade for the Math packet will be scored through the IXL summer requirement. Please refer to "IXL Summer Boost: Math" pinned to your child's IXL Dashboard. The Skill Plan can be found by clicking the "Learning" tab.

Items on the supply lists may be purchased by you or ordered through the School Tool Box Company (please see the attached flyer). When ordering, enter our school name or zip code to locate our school. Please allow ample time to be able to receive your order prior to the start of school.

Thank you.

Respectfully yours,

A handwritten signature in cursive script, appearing to read "Mrs. Filomena D'Amico".

Mrs. Filomena D'Amico

**IMMUNIZATION REQUIREMENTS OF STUDENTS
ENTERING GRADE 6 ATTENDING OUR LADY OF GRACE SCHOOL**

ONE DOSE OF DIPHTHERIA, TETANUS TOXOIDS AND PERTUSSIS VACCINE

(T dap)

One dose is needed for every child born on or after January 1, 1997, and entering grade 6. This vaccine can not be given prior to the child's 10th birthday. A minimum of 5 years shall have elapsed from the last dose of DTAP/td vaccine in order to receive this booster dose. This also applies to a student turning 11 years of age and attending grade 6.

ONE DOSE OF MENINGOCOCCAL VACCINE

One dose is needed for every child born on or after January 1, 1997, and entering grade 6. This also applies to students turning 11 years of age and attending grade 6.

Your child must complete these immunizations before school starts unless his birthday is after school starts; in which case, a student can attend school until they turn 11 years of age.

Grade 6 - 8 Supply List – September 2025

Dear Parents,

Welcome to Grades 6-8! The following is a list of supplies your child will need for class. **Please be sure to label all supplies with your child's name.** Thank you!

- 3 packages of copy paper
- 4 boxes of tissues
- 12 blue/black pens
- 2 red pens
- 3 packages of Clorox wipes
- 3 packages of sharpened pencils
- 1 box of crayons
- 1 pair of scissors
- 1 box of markers
- Math supplies:
 - scientific calculator (TI-34) – **Grades 7 & 8 only**
 - 1 marble composition notebook
 - 1 additional package of sharpened pencils
 - 1 graph-ruled notebook (spiral-bound preferred)
- Reading supplies:
 - One 3 subject notebook (5 Star preferred)
 - 2 packages of Post-It Notes
 - 1 package of multi-colored highlighters
 - 1 marble composition notebook
- 1 shoebox size art box
- 4 glue sticks
- 1 liquid glue
- 3 pocket folders
- 1 package multicolored construction paper
- 1 art sketch pad (approximately 9" x 12", wire bound if possible)
- 1 notebook (spiral or regular) for Religion
- One oversized button-up shirt or apron for art
- 1 wooden or plastic ruler with inch/cm on either side
- Homework Planner

Please, when choosing a backpack, NO LUGGAGE style for safety reasons.

Order online **today!**

Dear parents,

We are happy to announce that we have chosen to sell prepackaged school supplies for the next school year through School Tool Box.

Want to avoid the back-to-school rush?

- Put your zip code in the box at **SchoolToolBox.com**
- Find the school, then choose your child's new grade

Each supply box matches your teacher's approved list. You can add extras or remove what you don't need. After you pay online, supplies are **shipped directly to your home address.**

It doesn't get easier than that!

A While of the Wild By Rosanne Parry

Grade 8

Choose 1 book

Undefeated: Jim Thorpe and the Carlisle Indian School Football Team By Steve Sheinkin

Path to the Stars: My Journey from Girl Scout to Rocket Scientist By Sylvia Acevedo

See You in the Cosmos By Jack Cheng

A Long Walk to Water By Linda Sue Park

Taking Up Space By Alyson Gerber

DIRECTIONS:

Students must read **one** book from the summer reading list. They must then complete one assignment for the book that was read from the assignments below.

Write a Formal Book Report:

- The report must include a cover sheet that lists the title of the book, student's name, grade and date.
- The report must be written in paragraph form, and be a minimum of two pages (if typed please double-space and use size 12 font).
- The report must include the following information: title, author, characters, setting, conflict, and a brief summary.
- What do you believe is the key lesson or moral that a reader can learn from this novel? Why?
- Explain why you liked or disliked the novel.

Give a PowerPoint Presentation:

- You should take advantage of the many features PowerPoint presentations include like sound effects and animation.
- The presentation must include the following information: title, author, characters, setting, conflict, and a brief summary.
- What do you believe is the key lesson or moral that a reader can learn from this novel? Why?
- Explain why you liked or disliked the novel.

Create a Diary or Journal in the Voice of a Character From the Book:

- You can follow the events of the novel and give your chosen character's impressions and reflections on those events. Be sure to go beyond the obvious. Sure, she might have been sad when her father yelled, but how would she write about that in a journal? What thoughts are racing through her mind? Who does she turn to for support? Is there any anger or sadness in her voice?

Write Letters Between Characters:

- You write letters back and forth between two characters from your book. The letters should reflect the events in the story. What would they say to each other? How would they get along? You need to have a total of at least 6 letters written.

Create a Comic:

- Take an important scene from the book and turn it into a comic. Make sure you have pictures and dialogue that coincide with the scene you have chosen. The audience should be able to grasp the importance of the scene to the story.

Create Poems:

- Write 3 poems that reflect the book you read. Each poem can be about a different character or a different part of the book. Each poem should be at least 8 lines or longer. Your poem may rhyme, if you choose, or it need not rhyme.

My Book in a Container:

- Choose an item that can be used as a container to hold other items significant to your book. Decorate this container to convey some of the major details, elements, or themes found in the book. Choose five objects that would either be found in the book or would relate to the book in some way and put them in your container. Be prepared to discuss the significance of these items.

Create a Film Poster for Your Book:

- Imagine that your book has been made into a movie. How would you create a poster that shows something significant about the plot, tone, and/or theme of the story while simultaneously attracting a big audience? What famous actors would best play the roles? Who would direct it? You want to create a poster that is exciting and displays the title of the book. The size of your poster should be at least 11"x14".

Design a CD Cover and Make a Playlist for Your Book:

- If your book's characters and themes reminded you of songs you love, go ahead and use that inspiration for your project. Design a cool looking CD cover that relates to your book, and in the CD booklet, list the real songs and include the reasons you chose each song (i.e. how they related to the story's characters, plot points, theme, or tone). There needs to be at least 4 songs.

Get Crafty With Cartography (Mapmaking):

- Look back closely at the places that were important in your book, and illustrate a map that shows where they all are in relation to one another. Then create a key in which you explain why each place is so important to the story.

Create a Diorama:

- Create a model of a very important scene in the book. Be prepared to explain what the scene is and how it is significant to the overall story

Read each question. Then fill in the correct answer.

1. What is the expanded form of 340,729?

Ⓐ $3 \times 10,000 + 4 \times 1,000 + 7 \times 100 + 2 \times 10 + 9 \times 1$
 Ⓑ $3 \times 100,000 + 4 \times 1,000 + 7 \times 100 + 2 \times 10 + 9 \times 1$

Read each question. Then fill in the correct answer.

1. There are 48 rows in the school auditorium. Each row can seat 12 people. If every row is full, how many people can be seated in the auditorium at the same time?

(A) 600
(B) 576
(C) 550
(D) 476

5. Bethany runs four miles every week. How many miles does she run in 16 weeks?

(A) 64
(B) 68
(C) 72
(D) 74

2. Find the product 200×7 mentally.

(F) 1,040
(G) 1,400
(H) 14,000
(I) 7×10^2

6. Which is the best estimate of 71×21 using rounding or compatible numbers?

(F) 1,200
(G) 1,400
(H) 12,000
(I) 14,000

3. A car dealer has 59 cars on its lot. Each car has four wheels. How many wheels are there altogether?

(A) 184
(B) 208
(C) 216
(I) 236

7. What is the value of 43×176 ?

(A) 6,892
(B) 7,114
(C) 7,568
(D) 7,722

4. What is the value of 561×14 ?

(F) 5,588
(G) 6,014
(H) 6,612
(I) 7,854

8. A cabinet holds 23 books on each shelf. There are 12 shelves. How many books are there in the cabinet?

(F) 250
(G) 275
(H) 276
(I) 300

Read each question. Fill in the correct answer.

1. A chef purchased 120 ears of corn at the farmer's market. The ears of corn are divided evenly into 5 bushels. How many ears of corn are in each bushel?

- Ⓐ 24 ears of corn
Ⓑ 15 ears of corn
Ⓒ 8 ears of corn

2. There are 68 players attending the baseball training camp. If the players are divided into groups of 4, how many groups are there?

- Ⓕ 27 groups
Ⓖ 20 groups
Ⓗ 17 groups
Ⓘ 7 groups

3. In 3 hours, Darla read 63 pages. If she read the same number of pages each hour, how many pages did Darla read in one hour?

- Ⓐ 20 pages
Ⓑ 21 pages
Ⓒ 31 pages
Ⓓ 33 pages

4. A grocery store has 240 juice drinks on its shelves. The juice drinks are in packs of 6 each. How many packs are there altogether?

- Ⓕ 14 packs
Ⓖ 20 packs
Ⓗ 24 packs
Ⓘ 40 packs

5. There are 375 students in attendance at the summer camp. The students are divided equally into groups of 5. How many groups are there?

- Ⓐ 75 students
Ⓑ 80 students
Ⓒ 85 students
Ⓓ 90 students

6. Brandon has a cabinet with 4 shelves. The cabinet can hold 1,600 CDs. If the shelves each hold the same number of CDs, how many CDs does each shelf hold?

- Ⓕ 350 CDs
Ⓖ 375 CDs
Ⓗ 400 CDs
Ⓘ 425 CDs

Read each question. Fill in the correct answer.

1. There are 481 students hiking at Black Mountain Trail. There are 24 adults, and each adult is assigned the same number of students. About how many students are assigned to each adult?

- Ⓐ about 21 students
- Ⓑ about 20 students
- Ⓒ about 17 students
- Ⓓ about 12 students

2. There are 576 crickets divided equally in 12 plastic containers. How many crickets are in each container?

- Ⓕ 32 crickets
- Ⓖ 48 crickets
- Ⓗ 50 crickets
- Ⓘ 60 crickets

3. Cassie has 396 pictures to put in her album. If her album has 44 pages, how many pictures can she put on each page?

- Ⓐ 12 pictures
- Ⓑ 10 pictures
- Ⓒ 9 pictures
- Ⓓ 8 pictures

4. The gym teacher spent \$165 on exercise balls. If each exercise ball cost \$11 dollars, how many exercise balls did he buy?

- Ⓕ 15 exercise balls
- Ⓖ 16 exercise balls
- Ⓗ 20 exercise balls
- Ⓘ 65 exercise balls

5. The Grand Hotel has 15 floors and a total of 1,005 rooms. If each floor has the same number of rooms, how many rooms are on each floor?

- Ⓐ 70 rooms
- Ⓑ 67 rooms
- Ⓒ 65 rooms
- Ⓓ 57 rooms

6. Alyssa worked 216 hours last year. If she worked the same number of hours each month, how many hours did she work each month?

- Ⓕ 20 hours
- Ⓖ 19 hours
- Ⓗ 18 hours
- Ⓘ 17 hours

Read each question. Then fill in the correct answer.

1. Herman finished all 7 math questions in 35 minutes. If each question took the same amount of time, how long did it take Herman to complete each question?

Ⓐ 5 min
Ⓑ 6 min
Ⓒ 7 min
Ⓓ 8 min

4. Zina is reading a 968-page book. She wants to finish the book in 8 days. How many pages does Zina need to read each day?

Ⓕ 100 days
Ⓖ 121 days
Ⓗ 125 days
Ⓘ 131 days

2. Kathy and her friends are playing a game. Kathy divided all 20 playing cards equally among 4 players. How many cards did each player receive?

Ⓕ 3 cards
Ⓖ 4 cards
Ⓗ 5 cards
Ⓘ 6 cards

5. Jasper completed the first race in 2.3 minutes and the second race in 2.4 minutes. About how many minutes did it take for him to finish the two races?

Ⓐ 5 min
Ⓑ 6 min
Ⓒ 7 min
Ⓓ 8 min

3. Isaac is helping his mom build a tree house. Isaac is dividing the board shown below into 8 equal pieces. How long will each piece be?

Ⓐ 8 in.
Ⓑ 6 in.
Ⓒ 4 in.
Ⓓ 2 in.

6. Samantha has \$2.21 in her pants pocket. She finds \$2.53 in her coat pocket. About how much money does she have altogether?

Ⓕ \$3.00
Ⓖ \$4.00
Ⓗ \$5.00
Ⓘ \$6.00

Read each question. Then fill in the correct answer.

1. Alex wants to buy some computer games at the store. Each game costs \$26.85. How much money does Alex need to purchase 4 computer games?

- (A) \$100 (C) \$104
(B) \$100.40 (D) \$107.40

2. Leigh biked 7.5 miles each day for 3 days. How many miles did she bike altogether?

- (F) 24 miles (H) 22.5 miles
(G) 23.5 miles (I) 22 miles

3. The students at McKinley School collected \$2,389.64 during a fundraiser. The money will be divided equally between two charities. Rounded to the nearest hundred dollars, about how much money will the students donate to each charity?

- (A) \$1,000
(B) \$1,194.82
(C) \$1,200
(D) \$5,000

4. One pineapple weighs 1.8 pounds. About how much would four pineapples weigh?

- (F) 4 pounds (H) 4.8 pounds
(G) 8 pounds (I) 2.2 pounds

5. Richard lives 14.3 miles from the museum. He lives 10 times that distance from the nearest zoo. How many miles away does Richard live from the nearest zoo?

- (A) 1,430 miles (C) 14.3 miles
(B) 143 miles (D) 14,300 miles

6. Chandler ran for 23 minutes on Monday, 28 minutes on Wednesday, and 33 minutes on Friday. If this pattern continues, for how many minutes will he run on Sunday?

- (F) 43 minutes
(G) 38 minutes
(H) 30 minutes
(I) 48 minutes

Read each question. Then fill in the correct answer.

1. A group of 902 students is going on a field trip to the museum. If each bus holds 82 students, how many buses will the students need?

- (A) 9 buses (C) 12 buses
(B) 11 buses (D) 13 buses

2. Sally has some money in her pocket for lunch. She wants to know how much money she will have after buying lunch. What is the missing value in the table?

| | | | | | |
|--------------|---|---|---|----|----|
| money before | 4 | 6 | 8 | 10 | 12 |
| money after | 0 | | 4 | 6 | 8 |

- (F) 1 (H) 3
(G) 2 (I) 4

3. Travis and his three friends go to the baseball game. Each person buys a ticket for \$8, a snack for \$4, and a drink for \$2. Which numerical expression represents the total cost of the trip to the baseball game for Travis and his friends?

- (A) $4 + (\$8 \times \$4 \times \$2)$
(B) $4 \times (\$8 + \$4 + \$2)$
(C) $(4 \times \$8) + (\$4 \times \$2)$
(D) $(4 \times \$8 + \$4) + (4 \times \$4 + \$2)$

4. Ernesto works at the food bank. He received a donation of 450 cans of food. The food bank now has 934 cans of food. Use the equation $x + 450 = 934$ to find out how many cans of food Ernesto had originally.

- (F) 1,384 cans
(G) 934 cans
(H) 484 cans
(I) 450 cans

5. Cameron bought an electric scooter for \$38.99 and two helmets for \$29.49 each. Write an expression to show how much Cameron spent in all.

- (A) $2 \times (\$38.99 + \$29.49)$
(B) $(2 \times \$38.99) + \29.49
(C) $\$38.99 + \29.49
(D) $\$38.99 + (2 \times \$29.49)$

6. Evaluate the expression.

$$(3 \times 2^2) \times (8 + 1)$$

- (F) 324
(G) 96
(H) 98
(I) 108

Read each question. Then fill in the correct answer.

1. Chris has a total of 24 stickers in her collection. She has an equal number of stickers on all 8 pages of her sticker album. How many stickers are on each page?

- (A) 3 stickers
(B) 4 stickers
(C) 5 stickers
(D) 6 stickers

2. Mr. Anderson asks Keith to help pass out papers. There are 420 papers to be passed out to 28 students. If each student receives the same number of papers, how many papers does each student receive?

- (F) 13 papers
(G) 14 papers
(H) 15 papers
(I) 16 papers

3. While traveling on vacation, Isabella notices that the price for unleaded gasoline is \$2.79 and the price for diesel gasoline is \$3.81. How much more is the price of diesel than the price of unleaded?

- (A) \$1.20
(B) \$1.02
(C) \$0.20
(D) \$0.02

4. The table shows the prices for different lunch items.

| Lunch Menu | |
|----------------|--------|
| Item | Price |
| Sandwich | \$2.39 |
| Slice of pizza | \$2.29 |
| Salad | \$2.09 |
| Chips | \$0.79 |
| Fruit cup | \$1.19 |
| Milk | \$1.25 |
| Juice | \$1.15 |

What is the total cost of a sandwich, fruit cup, and juice?

- (F) \$4.63 (H) \$4.74
(G) \$4.73 (I) \$5.73

5. During the week Malia has piano practice for $\frac{3}{4}$ of an hour, soccer practice for $\frac{7}{8}$ of an hour, ballet for $\frac{1}{2}$ of an hour, and painting class for $\frac{1}{4}$ of an hour. Which of these activities does she spend the most time doing during the week?

- (A) ballet (C) painting
(B) soccer (D) piano

6. Floyd is preparing a fruit salad. The recipe calls for 4 cups of fruit. Two of the cups of fruit are melon. What fraction of the fruit is melon?

- (F) $\frac{1}{2}$
(G) $\frac{1}{4}$
(H) $\frac{3}{4}$
(I) $\frac{4}{2}$

Read each question. Then fill in the correct answer.

1. There are 980 students enrolled at Milltown Middle School. There are 35 different classrooms in the school. If each classroom has the same number of students, how many students are in each classroom?

- Ⓐ 25 students Ⓒ 30 students
Ⓑ 28 students Ⓓ 33 students

Use the table to answer Exercises 2 and 3.

| Dessert Recipe | |
|-----------------|----------------------|
| Item | Quantity (teaspoons) |
| Baking Soda | $1\frac{1}{4}$ |
| Salt | 1 |
| Ground Cinnamon | $1\frac{1}{2}$ |
| Ground Mace | $\frac{1}{2}$ |
| Ground Nutmeg | $\frac{1}{8}$ |
