September 2025

Dear Parents,

I hope this letter finds you well. As we embark on another exciting school year, I wanted to take a moment to discuss the importance of homework and an initiative we started to support our students and families.

## Homework

Homework is a crucial part of the learning process. It reinforces what students learn in the classroom, helps develop essential skills such as time management and responsibility, and provides an opportunity for students to practice and apply their knowledge independently. Research has shown that homework can improve academic achievement. It also allows parents to engage with their child's education and understand what they are learning at school.

## Family Night

We understand that balancing schoolwork and family time can be challenging. To support our students and families, we are excited to welcome back "Family Night," which will take place once a month. On Family Night, no homework will be assigned, allowing families to spend quality time together. We believe that this initiative will help strengthen family bonds and provide a much-needed break from the daily routine.

## How It Works

- **Frequency:** Family Night will occur once each month specified on the flyer attached.
- **Activities:** We encourage families to use this time to engage in activities that promote togetherness, such as playing games, cooking a meal together, or simply enjoying a movie night.
- **Feedback:** We would love to hear your feedback on this initiative. Please feel free to share your experiences and suggestions with us.

We are committed to supporting our students' academic success while also recognizing the importance of family time. Thank you for your continued support and partnership in your child's education.

Sincerely,

Mrs. Filomena D'Amico
