Our annual CPE Day was one of our chaplain highlights this month of July! CPE Day is a once a year training for all involved in pastoral care. Our participants included chaplains, CPE students, staff members, and our two amazing speakers Herbert Kaighan and Fred Luskin.

The theme this year was Self-Forgiveness. The participants were able to gather to hear speaker reflections and then share questions within their groups both in person and via Zoom.

If you were not able to attend and are interested in our event recording, please visit our website noted below.

HEALING AND RENEWAL

There is a healing for each of our wounds, but this healing is waiting in the indirect, oblique, and non-analytic side of our nature. We need to be mindful of where we are damaged, then invite our deeper soul in its night-world to heal this wounded tissue, renew us, and bring us back into unity. If we approach our hurt indirectly and kindly, it will heal. Creative expectation brings healing and renewal. If you could trust your soul, you would receive every blessing you require. Life itself is the great sacrament through which we are wounded and healed. If we live everything, life will be faithful to us.

Thank you Covenant Presbyterian for your continued support of the newborns at LA General Medical Center. We also appreciate Mr. and Mrs. Norman Stump for taking the time to drop off this donation of receiving blankets and gently used tennis shoes for our unhoused patients.

If your group/church is interested in making donations for our hospital patients we please call: 323 225 4461 ext 111

We are in high need of:

Happy Feast Day of St. Camillus, our patron saint! St. Camillus has been a model for our ministry with Pastoral Care, accompanying people in the midst of suffering with holistic healing and hope.

As chaplains we support, affirm, and challenge each other in a spirit of collaboration. We commit ourselves to be the Church in its preferential option for the poor specifically working with LA Genera Medical Center.

We continue to serve thanks to your support!
