

Financial Information for SY 2022 - 2023

Thank you for considering Father Dueñas Memorial School (FD) for your son's high school education. Provided here is our tuition and fee schedule for school year 2022-2023 as well as information about financial assistance and scholarship availability. More information is available online at www.fatherduenas.com. Also, please feel free to call the FD Business Office at 735-3372/3 if you have questions.

Financial Assistance Available

Grants

A grant provides financial assistance to qualified families demonstrating financial need, the amount of the award being dependent upon need as well as the resources available. While not all students may qualify for a grant, other assistance programs may be available to families who desire an FD education for their son.

Scholarships

We have several scholarships available to incoming and current FD students. The number of scholarships for FD students is growing for this coming school year 2022-2023. For the latest information about the scholarships currently available, and the requirements and application process for each of them, please visit our website at www.fatherduenas.com/aid. Male students who provide documentation that they were the valedictorians or salutatorians at their middle school in the previous school year receive tuition discounts of 50% and 25% respectively.

Applying for financial assistance is separate from our admission process. Students must be admitted into FD before applying for the assistance. The FD Common Scholarship Application and the FACTS Application are used for both grants and scholarships. Please visit www.fatherduenas.com for more information about admission and financial assistance for your son to attend FD.

Tuition, Fees and Payment Options

Registration Fee (*Non-refundable*)

\$ 385.00

Returning students have the first opportunity to register for the upcoming school year by submitting the necessary registration forms and making full payment of the registration fee on a first come first served. Registering earlier assists FD in preparing for the coming school year and increases the likelihood of the student enrolling in his desired electives courses since these are filled on a first come first serve basis. Additionally, prompt registration offers the lowest registration fee available. Registration indicates agreement of parents, guardians, and students to accept the most current rules and policies in effect.

On July 16th, registration for SY 22-23 increases to \$435.00.

Annual Tuition

\$ 7600.00

The annual tuition for school year 2022-2023 is inclusive of operational, instructional, laboratory, building maintenance and development fund fees. In previous years, these various fees were due at different times of the year. At the request of parents and to simplify our business operations, they have been incorporated into our annual tuition.

Tuition Payment Options

Full annual tuition payment by July 15, 2022	\$7,600.00
