A Word From Fr. Timothy Sandquist

MHR Building Projects

Repairs continue to be made on the parapets connected to the bell tower. There seem to be multiple ways water has been getting in. In fact, the interior of the brick wall was found to be so saturated that there was standing water in the pockets of some interior bricks.

As mentioned in the last bulletin, the parking lot will be replaced this week. Cement work for some of the entrances is already finished.

Saint Patrick Organ

Thanks to the help of Jacob Simones and a third-party vendor, we've completed the conversion of St. Patrick's 1980s electronic organ to a modern system using a computer and external speakers. Let me just say that after this upgrade, this organ is a beast! Despite costing less than \$1,500 including the laptop and organ software (most of this was paid for by a private donation), this setup rivals organs that cost hundreds of thousands of dollars. We are currently using some repurposed home theater speakers (who knew a subwoofer makes such a difference for organ sound!). It may take a little time to dial everything in, but you should be hearing it at Mass soon.

Peter's Pence

Next weekend we will have a second collection for "Peter's Pence." This is the fund that supports the popes' mission and charitable initiatives. It is good to support the mission of the Church at all levels – at the global level, the diocesan level, and at the parish level. This is one way that can help us do this.

Fr. George Update

Fr. George's biopsy for a spot on his lung was delayed to this coming Tuesday. Whether this spot is serious is unknown. His kidney surgery has not yet been scheduled. He would like to thank all who have kept him in their prayers and asks for those prayers to continue.

-Fr. Timothy
