St Mother Teresa's Poem

Last week, I saw this poem written by St Mother Teresa in "Share," the national magazine for the Catholic Daughters of America. I thought this would be most appropriate during this season of Lent. Just had to share this...

"ANYWAY"

People are often unreasonable, illogical and self-centered;
FORGIVE THEM ANYWAY.

If you are kind, people may accuse you of selfish, ulterior motives;
BE KIND ANYWAY.

If you are successful, you will win some false friends and some true enemies;

SUCCEED ANYWAY.

If you are honest and frank, people may cheat you;
BE HONEST AND FRANK ANYWAY.

If you find happiness, people may be jealous;
BE HAPPY ANYWAY.

What you spend years building, someone could destroy overnight;
BUILD ANYWAY.

The good you do today, people will often forget tomorrow;
DO GOOD ANYWAY.

Give the world the best you have, and it may never be enough;
GIVE THE WORLD THE BEST YOU'VE GOT ANYWAY.

You see, in the in the final analysis, it is between you and your God;
IT WAS NEVER BETWEEN YOU AND THEM ANYWAY.

Church Building Update

It's been a couple of weeks since I had the chance to attend the weekly Wednesday Construction meeting due to either a cancellation because of a winter storm or a schedule conflict. Here are some notes from the meeting on March 15th:

- Since January, not much construction has taken place due to the harsh weather conditions. Usually, the workers could only put in a couple days of work per week.
- Air duct work is still being done. This means thawing the ground so large air ducts (4 feet in diameter) could be installed. Actually, the thawing process has gone better because of exposure to more intense sun rays.
- After the ducts are completed (in about 3 weeks), more steel will be erected around the back side of the church structure.
- Steel beams: it may not seem like much work is being done on the erected steel that is already in place. The steel that is up is not completed. It's not only connecting them together with bolts and nuts; the beams must be welded. That's what is happening right now.
- In about three weeks, more steel will be erected.
