## Faith Formation Corner

### Interested in becoming Catholic?

Have you received some of your Sacraments but were never confirmed? RCIA (the Rite of Christian Initiation of Adults) is the opportunity for you to complete those Sacraments of Initiation and be fully received into the Catholic Church.

The RCIA program would be for those who:

- Have been baptized only, either in the Catholic Church or in another Christian denomination
- Have been baptized, received their First Communion but haven't been confirmed
- Have never been baptized
- 

### Planting the seeds...

This week we welcome back all of our students. We are excited to begin another year of learning and growing in relationship with our Lord.

This year is different in so many ways. Faith Formation classes are held with two options to parents, In-person classes on an every other week basis OR Home school. This really drives home the Church's teaching that Parents are the first and foremost educators in their Child's learning of the faith. Parents are planting and nourishing the seeds of Faith.

According to a recent report put out by Pew Research Center (September 10), U.S teens take after their Parents in regards to their religious practices and attending Mass together. Although they sometimes do so at the urging of their Parents, and may hold different beliefs, it is the seed that is planted by Parents that carry their children into their adult years. Even if they become "fallen away Catholics", there is still that early onset of seed planting, always niggling at the back of their mind as an invitation to come back to the practice of their Faith. God never gives up on us, always presenting opportunities to come back to Him, or to grow in our already existing Faith walk.

Please take time this week to keep our youth in your prayers. They have many challenges they are facing right now. Help them to see that God is our Guiding Light through all of this.

God's Blessing for the week ahead,  
Dennae Petrlich, Director of Faith Formation

## St. Joseph School

Happy September!

First Grade was welcomed with 22 students this year, with 7 students being new to our school. We have been working hard in our class and adjusting to our new schedules and routines. The first graders have been learning about many things since school has started. In Science, our class is learning about how land, Earth and water are important to us. We have focused on different types of land, uses of land and water and natural resources. In Religion we have been discussing how Jesus is like a good shepherd, about the Catholic Church and practicing the "Our Father" prayer. We are looking forward to a fun filled year of learning.

Blessings,  
Mrs. Mullins and the First Grade Class
