28th August 2021

Dear Parishioner,

On the weekend of 4/5 September we will welcome parishioners to church for Mass with no restriction on numbers or requirement for safe distancing. You will, however, be required to give your name, contact telephone number and the number in your party for Track and Trace. I ask you, please, to arrive early for Mass and follow the instructions of the passkeepers at all times. This process is likely to be slow; your patience would be gratefully appreciated.

In the past eighteen months a large number of parishioners have consistently attended Mass, thankfully. Many others have yet to take the leap of faith and return. I can assure you (and them) that we have a team of well organised and trained volunteers who will continue to do all that is required to ensure your safety when you come to worship at St Cadoc's. **A BIG THANK YOU** to all of them for their time and hard work.

In the past few weeks, I had meetings with groups and organisations in the parish to discuss how and when it would be appropriate to resume ministries and services to the community. The discussions helped me enormously to make the decisions to manage a safe and orderly transition to the new norm. The enclosed leaflet explains how this will be done.

Thank you for your support and cooperation this past year.

God bless you and your family – Keep well and stay safe!

Canon Eddie
