

SPRING NEWSLETTER

SERVANTS OF THE CHILDREN OF LIGHT

Blessings in stability . . .

As we mail out this newsletter, we have just entered into the great Paschal season. We pray this be a time of grace for you and your families.

Many beautiful things continue to shape our religious community and we are extremely grateful for all the small - and not so small - ways that the Lord cares for us and His children. We are also happy to also announce that the stained glass window, mentioned in our Christmas newsletter, has been fully funded. Thank you to those who donated so generously!

In this our spring newsletter, we are delighted to share with you a beautiful project that is taking place around the convent.

A Space for Young Children

It is with joy that we announce the building of a space for parent formation in the Montessori method adjacent to our convent. This space will fulfill a deep desire of the community to spread the Montessori method to families of young children, allowing them not only to engage with materials and see a physical space prepared for the child, but also to come to really know the young child. The youngest of children are filled with so much potential and inner beauty. We wish to spread this knowledge and so offer to families a space to come and experience the young child's capacity to discover the world. This space will be especially dedicated to the child from birth to three years.

We are in the process of putting these plans together, and are grateful for a most generous gift to make this building a possibility. Please stay tuned and visit our website in the coming months as we finalize the plans for this space. Knowing that other costs unexpectedly surface with any building project, we will be updating our friends through our website. We hope to report more on the progress of this space in our fall newsletter.

Please know of our continued gratitude for your prayers and financial support. We pray daily for your intentions, and humbly ask for your prayers that we may continue to be faithful to that which God has entrusted to us. Blessed and Holy Easter Season! He has risen!

Mother Chiara Thérèse, A.F.L.

“Others, as a result of careful study, have come to the conclusion that the first two years are the most important in the whole span of human life.”

DR. MARIA MONTESSORI
