

Parish Plug-In

Parish Plug-In – or – Family Plug-Ins are a project(s) that the teens take up outside of YLT meetings. The goal is to facilitate community and faith and/or take on a greater role in serving your parish community. YLT members will be able to choose to complete either one Parish Plug-In Project or three Family Plug-In Projects before Tuesday, March 31st, 2026. These are required to be considered for staffing opportunities and future YLT involvement. Examples of past plug-in projects are family adoration night, assisting with VBS or catechesis of young children, greeting at Mass, lecturing, etc.

Please contact Ms. Lydia Whitten in the Youth Office for more information, (361) 573-0828.

**** Please complete information on the back of this form. ****

Please use the remaining lines on this page to describe your experience. What did you do? What went well? What was unexpected? How did the project go overall? Would you do something like this again? What was the point of doing a parish plug-in project? Is there anything else you would like to share about this project? Please use as much of the space as possible. Attach additional paper if needed.

This image shows a full page of blank white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page, providing a template for writing or drawing. There are no margins, text, or other markings present.
