Concerning Calculators

- **Scientific Calculator:** a calculator capable of trig functions (sin, cos, and tan) and scientific notation
- **Graphing Scientific Calculator:** the standard we use is the TI-84 series. A new TI-84 costs around \$85-\$195. Older TI-84 Calculators can be found for much cheaper.
- **TI-84 Calculators will no longer be provided by DeSales on a daily basis.** DeSales owns several TI-84 Calculators which will be loaned out on a yearly basis for students in need.
