### **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors of

#### **CATHOLIC COMMUNITY FOUNDATION**

We have audited the financial statements of **Catholic Community Foundation**, which comprise the statement of financial position as of June 30, 2015, and the related statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditors' Responsibility for the Financial Statements***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Catholic Community Foundation** as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

***Report on Summarized Comparative Information***

We previously audited ***Catholic Community Foundation's*** 2014 financial statements, and in our report dated October 14, 2014 we expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

# CATHOLIC COMMUNITY FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (1) Foundation's operations and summary of significant accounting policies

**Organization operations – Catholic Community Foundation** (the "Foundation") was incorporated on May 18, 1983 in Arizona as a nonprofit corporation governed by a board of directors consisting of the bishop of Phoenix and his successor in office as the sole members. On September 3, 2003 the Foundation amended and restated its Articles of Incorporation. As a result, the Foundation is organized as a nonprofit organization with no members. Later in September 2003, the Foundation received a decree declaring its status as "an Autonomous Pious Foundation" under Canon law, acknowledging its management by primarily lay leadership, and no longer under the auspices of the Diocese of Phoenix.

The purpose of the Foundation includes the solicitation, receiving, holding, investing, reinvesting and administering of donor-restricted funds or property and donated unrestricted funds or property. The endowment and memorial funds provided through the Foundation's activities continue to support the religious, communication, educational, and charitable objectives of the Roman Catholic Church, as well as the charitable objectives of Catholic philanthropists who reside primarily in the area served by the Diocese of Phoenix.

The significant accounting policies followed by the Foundation are summarized below:

**Basis of presentation** – The Foundation's financial statements are presented in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958-205, *Not-for-Profit Entities – Presentation of Financial Statements*. Under FASB ASC 958-205, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

**Prior year summarized information** – The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2014 from which the summarized information was derived.

**Management's use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

**Contributions** – The Foundation accounts for contributions in accordance with FASB ASC 958-605, *Not-for-Profit Entities – Revenue Recognition*. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the existence and/or nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions. Any contributions received whose restrictions are met in the same reporting period the contributions are received are reported as unrestricted.

For the years ended June 30, 2015 and 2014, the Foundation recognized approximately \$139,000 and \$311,000, respectively, of contribution and fundraising event revenue from members of the Board of Directors.

# CATHOLIC COMMUNITY FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (1) Foundation's operations and summary of significant accounting policies (continued)

**Contributions receivable** – Contributions receivable (pledges) are recognized as revenues in the period the unconditional promise is received and as assets, decreases of liabilities or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

**Charitable lead annuity trust** – The Foundation is the beneficiary of a charitable lead trust. Under the terms of the trust agreement, the Foundation is to receive a fixed payment annually over the specified terms in the trust agreement. Upon the termination of the trust agreement, the remaining trust assets are distributed to others. The charitable lead trust is carried at fair value. Based on the terms of the trust and the use of a discount rate of 4.25% for the years ended June 30, 2015 and 2014, the present value of future benefits expected to be received by the Foundation were estimated to be \$245,214 and \$264,579, respectively.

**Cash and cash equivalents** – For purposes of reporting cash flows, cash and cash equivalents include liquid accounts with original maturities of three months or less that are not designated for investment purposes. Investments carried at fair value include certain liquid accounts which are generally not used in operations. Cash deposits are insured in limited amounts by the Federal Deposit Insurance Corporation ("FDIC").

**Investments** – The Foundation accounts for its investments in accordance with FASB ASC 958-320, *Not-for-Profit Entities – Investments – Debt and Equity Securities* and FASB ASC 958-325, *Not-for-Profit Entities – Investments – Other*. Under ASC 958-320, the Foundation is required to report investments in equity securities that have readily determinable fair values, and all investments in debt securities, at fair value. The fair value is based on quoted market prices. Real estate held for investment was recorded at fair value at the date the investments were donated and is periodically revalued through the use of a third party appraiser or other appropriate valuation methods, including the market and income approaches, when a third party appraisal is not available. In accordance with FASB ASC 958-325, the Foundation values its partnership interests at fair value. The partnership interests were recorded at fair value at the date the partnership interests were donated and are periodically revalued through the use of a third party appraiser or other appropriate valuation methods.

Investment return (including interest, dividends, unrealized gains and losses and realized gains and losses on investments) is included in operations.

Investments are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect account balances and the amounts reported in the accompanying financial statements.

**Property and equipment and depreciation and amortization** – Purchased property and equipment are valued at cost and donated property and equipment are recorded at fair value at the date of the gift to the Foundation. Maintenance and repairs are charged to operations when incurred. Generally, property and equipment in excess of \$500 are capitalized. Depreciation and amortization of property and equipment are computed on a straight-line basis over estimated useful lives of 3 to 7 years.

# CATHOLIC COMMUNITY FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (1) Foundation's operations and summary of significant accounting policies (continued)

**Donated assets** – Assets and other non-cash items donated to the Foundation are recorded as contributions at their estimated fair value at the date of donation. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire long lived assets are reported as restricted contributions. The Foundation records donations of property and equipment that are not restricted as to their use by the donor as unrestricted contributions and, accordingly, increases in unrestricted net assets. The Foundation reclassifies temporarily restricted net assets to unrestricted net assets when the donated assets are placed in service.

**Advertising** – Advertising costs are charged to operations when incurred. Advertising expense charged to operations was \$9,208 and \$6,909 for the years ended June 30, 2015 and 2014, respectively.

**Functional allocations of expenses** – The costs of providing various programs and other activities have been summarized on a functional basis in the accompanying statement of activities and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on personnel activity and other appropriate allocation methods. The management and general expense category includes those expenses that are not directly identifiable with any specific program, but provide for the overall support and direction of the Foundation. Fundraising expenses include those expenses related to the overall acquisition of contributions to the Foundation.

**Fair value measurements** – FASB ASC 820, *Fair Value Measurements*, establishes a common definition for fair value to be applied to accounting principles generally accepted in the United States of America requiring use of fair value, establishes a framework for measuring fair value, and expands disclosures about such fair value measurements. FASB ASC 820 also establishes a hierarchy for ranking the quality and reliability of the information used to determine fair values by requiring that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Unadjusted quoted market prices in active markets for identical assets or liabilities.

Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3: Unobservable inputs for the asset or liability.

**Income tax status** – The Foundation qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (the "Code") and, accordingly, there is no provision for income taxes. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170 of the Code and has been classified as an organization that is not a private foundation. Income determined to be unrelated business taxable income would be taxable. The Foundation evaluates its uncertain tax positions, if any, on a continual basis through review of its policies and procedures, review of its regular tax filings, and discussions with outside experts.

The Foundation's federal Return of Organization Exempt from Income Tax (Form 990) for fiscal 2013, 2014 and 2015 are subject to examination by the IRS, generally for three years after they were filed.

# CATHOLIC COMMUNITY FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (1) Foundation's operations and summary of significant accounting policies (continued)

**Recent accounting pronouncement** – In May 2014, the FASB issued ASU No. 2014-09 ("ASU 2014-09"), *Revenue from Contracts with Customers*. The core principle of ASU 2014-09 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Additionally, ASU 2014-09 will require an entity to disclose sufficient information to enable users of financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. For nonpublic entities, the ASU will be effective for annual reporting periods beginning after December 15, 2017 and interim periods within annual periods beginning after December 15, 2018. Nonpublic entities may elect to early adopt the ASU, however, adoption is not permitted prior to the public entity effective date.

In August 2015, the FASB issued FASB ASU No. 2015-14, *Revenue from Contracts with Customers (Topic 606)*, which changed the effective date of the provisions of FASB ASU No. 2014-09. As a result, the new effective dates for public business entities, certain not-for-profit entities, and certain employee benefit plans to apply the guidance in FASB ASU No. 2014-09 is for annual reporting periods beginning after December 15, 2017. All other entities should apply the guidance in FASB ASU No. 2014-09 to annual reporting periods beginning after December 15, 2018. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016. Transition to the new guidance may be done using either a full or modified retrospective method. The Foundation is currently evaluating the full effect that the adoption of this standard will have on the financial statements.

In February 2016, the FASB issued ASU No. 2016-02 – *Leases (Topic 842)*. ASU 2016-02 requires that a lease liability and related right-of-use-asset representing the lessee's right to use or control the asset be recorded on the balance sheet upon the commencement of all leases except for short-term leases. Leases will be classified as either finance leases or operating leases, which are substantially similar to the classification criteria for distinguishing between capital leases and operating in existing lease accounting guidance. As a result, the effect of leases in the statement of income and the statement of cash flows will be substantially unchanged from the existing lease accounting guidance. The ASU is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. The Foundation is currently evaluating the effect that the adoption of this standard will have on the financial statements.

**Subsequent events** – The Foundation has evaluated subsequent events through June 10, 2016 which is the date the financial statements were available to be issued.

### (2) Receivables

Receivables consist of:

	2015	2014
Contributions receivable	\$ 92,538	\$ 39,055
Allowance for uncollectable accounts	(16,622)	(8,600)
Total receivables	<u>\$ 75,916</u>	<u>\$ 30,455</u>

Receivables are stated at the amount management expects to collect. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual balances. Balances that are outstanding after management has used reasonable collection efforts are written off through a charge to an allowance for uncollectable accounts and a credit to contributions receivable. All contributions receivable, less the allowance for uncollectable accounts, are expected to be collected within one year.

# CATHOLIC COMMUNITY FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (3) Investments

Investments consist of the following at June 30:

	2015	2014
International equity mutual funds	\$ 14,746,714	\$ 17,245,638
Equity common stocks	22,353,989	22,869,477
Fixed income funds	8,887,889	7,375,816
Marketable limited partnerships	1,195,650	2,028,931
Cash and cash equivalents	2,604,711	2,585,460
Partnership interests	2,936,000	2,936,000
Real estate held for investment	48,000	48,000
Total	52,772,953	55,089,322
Investments in split interest agreements	(2,270,280)	(2,375,677)
Total investments	\$ 50,502,673	\$ 52,713,645

Expenses relating to investment revenues, including custodial fees and investment advisory fees of \$120,554 and \$151,692 for the years ended June 30, 2015 and 2014, respectively, were included in investment return in the accompanying statement of activities and changes in net assets.

Investment return consists of:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Totals	
				2015	2014
Interest, dividend, and fee income	\$ 429,984	\$ 142,732	\$ -	\$ 572,716	\$ 596,100
Realized/unrealized gains (losses) on investments	(413,657)	(244,455)	(44,139)	\$ (702,251)	4,909,032
Total investment return	\$ 16,327	\$ (101,723)	\$ (44,139)	\$ (129,535)	\$ 5,505,132

Partnership investment gains of \$0 and \$177,000 were included in realized/unrealized gains on investments in 2015 and 2014, respectively.

### (4) Split interest agreements

At June 30, 2015, the Foundation administered 25 charitable gift annuities. The assets contributed under the charitable gift annuities are carried at fair value. The gift annuities totaling \$2,270,280 and \$2,375,677 at June 30, 2015 and 2014, respectively, are included in investments in split interest agreements as identified in Note 3. Contribution revenues are recognized at the date the annuities are established after recording liabilities for the present value of the estimated future payments to be made to the donors and/or other beneficiaries. Present values are calculated using discount rates that reflect the fair value as determined at the time the annuities are established and range from 1.2% to 8.4%, and actuarial tables and guidelines used for calculating the available deduction for income tax purposes. The liabilities are adjusted for the accretion of the discount and other changes in the estimates of future benefits. The present value of the estimated annuity payments associated with the charitable gift annuities is \$1,374,170 and \$1,449,484 at June 30, 2015 and 2014, respectively.

# CATHOLIC COMMUNITY FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (5) Property and equipment

Property and equipment consists of:

	2015	2014
Furniture, fixtures and equipment	\$ 71,305	\$ 41,369
Leasehold improvements	30,823	-
Total cost	102,128	41,369
Accumulated depreciation and amortization	(53,184)	(32,320)
Net property and equipment	<u>\$ 48,944</u>	<u>\$ 9,049</u>

Depreciation and amortization expense charged to operations was \$20,864 and \$8,615 for the years ended June 30, 2015 and 2014, respectively.

### (6) Grants payable

Grants authorized, but unpaid are reported as liabilities in accordance with FASB ASC 958-720, *Not-for-Profit Entities – Other Expenses – Contributions Made*. The following is a summary of grants authorized and payable at June 30:

	2015	2014
Christian service scholarships	\$ 631,000	\$ 610,000
Designated grants payable	440,834	136,249
Total	<u>\$ 1,071,834</u>	<u>\$ 746,249</u>

  

	2015	2014
Grants payable to be paid in less than one year	\$ 690,834	\$ 372,249
Grants payable to be paid in one to five years	381,000	374,000
Gross grants authorized but unpaid	<u>\$ 1,071,834</u>	<u>\$ 746,249</u>

The discount on long-term grants payable was not material at June 30, 2015 and 2014.

### (7) Line of credit

The Foundation has a \$200,000 unsecured line of credit with a bank. The line of credit bears interest at the Wall Street Journal prime rate plus 1% (4.25% at June 30, 2015) and matures February 2017. Under the terms of the line of credit, the Foundation is required to maintain compliance with certain non-financial covenants. There were no amounts outstanding on the line of credit as of June 30, 2015 and 2014.

### (8) Agency endowment funds

FASB ASC 958-605 establishes standards for transactions in which a community foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that is specified by the donor. FASB ASC 958-605 specifically requires that if a not-for-profit organization ("NPO") establishes a fund at a community foundation with its own funds and specifies itself as the beneficiary of that fund, the community foundation must account for the transfer of such assets as a liability. The Foundation refers to such funds as agency endowment funds.

# CATHOLIC COMMUNITY FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (8) Agency endowment funds (continued)

The Foundation maintains variance power and legal ownership of agency endowment funds and as such continues to report the funds as cash and investments of the Foundation. However, in accordance with FASB ASC 958-605, a liability has been established for the fair value of the funds, which is generally equivalent to the present value of future payments expected to be made to the NPOs.

The activity for the agency endowment funds is summarized on below:

	2015	2014
Agency endowment funds, beginning of the year	\$ 19,336,573	\$ 16,860,507
Contributions	1,911,587	159,376
Investment income, net	297,777	235,134
Realized and unrealized investment (losses) gains	(459,106)	2,876,732
Distributions	(722,100)	(537,422)
Administration fees	(325,131)	(257,754)
Agency endowment funds, end of year	<u>\$ 20,039,600</u>	<u>\$ 19,336,573</u>

Both the liability and the assets are measured at fair value. The inputs used to determine the fair value of the invested assets are based upon the nature of the assets held in the agency endowment funds. The inputs used to determine the fair value of the liability are based upon the fair value of the assets of the agency endowment funds, since the fair value of the liability is based primarily upon the observable inputs used during the valuation of the assets but not based upon identical inputs for identical agency liabilities.

### (9) Board designated net assets

Board designated net assets consist of unrestricted net assets that are set aside by the Board of Directors as part of a match program relating to parishes and schools. The net assets can be reclassified as undesignated by a vote from the Board of Directors.

### (10) Temporarily restricted net assets

Temporarily restricted net assets consist primarily of earnings on permanently restricted assets and scholarship funds. These earnings are donor designated for specific purposes including scholarships. Net assets released from restrictions consist primarily of scholarship awards.

### (11) Permanently restricted net assets

Permanently restricted net assets consist of funds for which the donors stipulated the principal is to be maintained in perpetuity. The earnings and net appreciation on these funds are reported as follows:

- An increase in permanently restricted net assets if the terms of the gift or the Foundation's board interpretation of relevant state law require that they be added to the principal of a permanent endowment fund;
- An increase in temporarily restricted net assets if the terms of the gift impose restrictions on the use of income; or
- An increase in temporarily restricted net assets until appropriated for expenditure.

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (12) Endowments

The Foundation's endowments consist of 43 individual donor restricted endowment funds established for a variety of purposes. As required by accounting principles generally accepted in the United States of America ("GAAP"), net assets associated with endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

In September 2008, the State of Arizona enacted ARS§10-11801 et seq Management of Charitable Funds Act ("MCFA"). The Board of Directors of the Foundation has interpreted MCFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, and (b) the original value of subsequent gifts to the permanent endowment. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by MCFA.

The Foundation has adopted investment and spending policies for endowment assets that seek to provide a predictable stream of funding to programs supported by its endowments while maintaining the purchasing power of the endowment assets. The Foundation's spending and investment policies work together to achieve this objective. Actual returns in any given year may vary.

To achieve its investment objectives over long periods of time, the Foundation has adopted an investment strategy that invests in domestic and international equities, and fixed income investments. The majority of assets are invested in equity or equity-like securities. Fixed income assets are used to lower short-term volatility. Diversifications by asset class, investment style, etc. are employed to avoid undue risk concentration and enhance total return. The primary performance objective is to achieve an annualized total rate of return, net of investment fees, that is equal to or greater than 8% over long periods of time.

The spending policy determines the amount of money in a given year that will be distributed from the Foundation's various endowment assets, which includes agency, designated, restricted and unrestricted funds. The current spending policy is to distribute an amount equal to 4% of the previous twelve quarter rolling average balance of each fund's assets at market value. New permanent endowment funds may withdraw up to 4% after the first full year (up to the third year) even if in existence less than twelve quarters. Endowment funds with large contributions may also withdraw 4% based upon an average of less than twelve quarters. Based on the spending policy, over the long term, the Foundation expects its endowment assets to grow at the rate of inflation. This is consistent with the Foundation's objective to maintain the purchasing power of endowment assets as well as to provide additional real growth through new gifts and investment returns.

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (12) Endowments (continued)

The Foundation's endowments consist entirely of donor-restricted endowment funds. The changes in endowment net assets for the year ended June 30, 2015 are as follows:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Endowment net assets, June 30, 2014	\$ (19,275)	\$ 2,142,289	\$ 8,753,326	\$ 10,876,340
Contributions	-	-	422,860	422,860
Split interest agreement terminations	-	-	20,522	20,522
Investment return:				
Investment income	-	134,769	-	134,769
Realized and unrealized losses	(51,769)	(198,897)	-	(250,666)
Appropriation of endowment assets for expenditure	-	(540,561)	-	(540,561)
Endowment net assets, June 30, 2015	<u>\$ (71,044)</u>	<u>\$ 1,537,600</u>	<u>\$ 9,196,708</u>	<u>\$ 10,663,264</u>

The changes in endowment net assets for the year ended June 30, 2014 are as follows:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Endowment net assets, June 30, 2013	\$ (66,889)	\$ 918,434	\$ 8,646,115	\$ 9,497,660
Contributions	-	-	107,211	107,211
Investment return:				
Investment income	-	212,612	-	212,612
Realized and unrealized gains	47,614	1,497,638	-	1,545,252
Appropriation of endowment assets for expenditure	-	(486,395)	-	(486,395)
Endowment net assets, June 30, 2014	<u>\$ (19,275)</u>	<u>\$ 2,142,289</u>	<u>\$ 8,753,326</u>	<u>\$ 10,876,340</u>

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or MCFA requires the Foundation to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, deficiencies of this nature reported in unrestricted net assets were \$71,044 and \$19,275 as of June 30, 2015 and 2014, respectively. These deficiencies resulted from unfavorable market fluctuations.

### (13) Pension plan

The Foundation participates in the Lay Employees Retirement Plan (the "Plan"), a multi-employer defined benefit pension plan administered by the Diocese. The Plan covers lay employees of the Diocese, the Central Administrative Office, the Diocesan High Schools, the parishes, and employees of the Foundation. Contributions to the Plan are based on salary levels of eligible employees. The Foundation made contributions to the Plan of approximately \$136,000 for 2015 and \$30,000 for 2014. The portion of the Plan's assets and liabilities allocable to the Foundation has not been determined with respect to accumulated benefits. In the event of withdrawals from the Plan and under certain other conditions, a contributor to a multi-employer plan may be liable to the Plan for a portion of the underfunded status, if any.

## NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2015  
(with comparative totals for the year ended June 30, 2014)

### (14) Leases

The Foundation leases certain office space and furniture and fixtures from the Diocese of Phoenix under an operating lease agreement through June 30, 2019. The Foundation also leases office equipment under an operating lease agreement with a term expiring in fiscal 2018. Total rental expense was approximately \$90,000 and \$78,000 for the years ended June 30, 2015 and 2014, respectively.

Future minimum lease payments under noncancellable operating leases with terms in excess of one year are as follows:

<u>Years Ending June 30,</u>	
2016	\$ 95,477
2017	98,154
2018	98,315
2019	<u>97,519</u>
Total	<u>\$ 389,465</u>

### (15) Fundraising expenses

Fundraising expenses consist of development costs and expenses and an allocation of indirect expenses for fundraising events as follows:

	<u>2015</u>	<u>2014</u>
Events	\$ 33,744	\$ 35,767
Promotions	2,939	2,700
Professional services	6,650	4,100
Supplies	<u>354</u>	<u>108</u>
Total fundraising expense	<u>\$ 43,687</u>	<u>\$ 42,675</u>
