Help Me Thanksgiving Day Prayer

O God, when I have food, help me to remember the hungry;
When I have work, help me to remember the jobless;
When I have a home, help me to remember those who have no home at all;
When I am without pain, help me to remember those who suffer,
And remembering, help me to destroy my complacency;
bestir my compassion, and be concerned enough to help;
By word and deed, those who cry out for what we take for granted.
Amen.

There will not be a newsletter next week due to the Thanksgiving break. I have been putting the links to the newsletter on Facebook.

Remember to order your Kwik Trip car wash cards! The sale ends December 31 but get your orders filled in time for Christmas by sending order forms to the school office.

Also, send your orders for new school apparel by Nov. 30th

It has been brought to my attention that some students are bringing things to drink other than water to school. Please try to monitor this and make sure only water is brought to school, not including lunch. Mr. Tischer has allowed recovery drinks for gym class and he will monitor this if you allow your child to bring those

types of drinks on a Wednesday or Friday afternoon.

As a school Advent project we have chosen some ornaments from the giving tree. We would like to purchase gifts as a school. Watch for information to come home in your child's folder soon. Thank you!

COVID News

As of August 11, 2021, we are able to make decisions about masking based on our local community. Here are some of the procedures and updates.

Hygiene and Cleanliness

- Adequate personnel are needed to clean the building.
- All employees and students should wash or sanitize their hands as appropriate.
- Hand sanitizers and/or wipes should be readily available in all classrooms and common areas.
- Areas of the school where illnesses are commonly spread, should consider being cleaned between the beginning of the day and lunchtime, then again after the school day is completed.
- Consider cleaning high touch areas at least two times a day - railings/door knobs/etc.

- Classroom teachers should consider evaluating the way students are sent to the restroom to limit the number of people in the small space at once.
- Each school building should be deep cleaned once a week. Schools may consider using a fog chemical that is safe for schools to accomplish this deep clean.
- Students need to be instructed that they should do their best to always cough or sneeze into a tissue (discarded) or their elbow. At all times, this needs to be modeled well by school employees.
- Instruct students on proper hygiene of blowing nose or coughing. The student should discard the used tissue and wash or sanitize their hands. Adults working in the school must model this practice.
- Administrators should post appropriate sanitary methods for the students to have a visual reference on how to stop the spread of germs.

Based on updated data from the CDC and DPI, the following guidelines are recommended for schools:

A student or employee who is diagnosed with COVID-19 must follow procedures as outlined by their county health department. If there are no county health procedures in place, the following guidance should be followed:

- If a staff or student is not vaccinated and tested positive for COVID or was exposed to someone who tested positive for COVID, and the staff or student has NOT HAD COVID within the past 90 days, the staff or student should quarantine for a minimum of 10 days. The result may be shortened to 7 days if the staff or student receives a second negative COVID test result 5 days after the 1st.
- If a staff or student is not vaccinated and was exposed to someone who tested positive for COVID, and the staff or student HAS HAD COVID within the past 90 days, the staff or student do not need to quarantine. But testing is encouraged.
- If a staff or student is vaccinated against COVID they do not have to quarantine, but should get a COVID test within 3-5 days of exposure.

Masks

- Face masks are required on public school buses.
- The use of masks are at the discretion of the school.
- DPI and the CDC recommend that all students, teachers, and staff, regardless of vaccination status, wear face masks at school.
- Schools may consider in areas where there is student density and close contact in excess of 15 minutes that masks covering the nose and mouth be worn by adults and students.
- The Office of Catholic Schools will require masks to be worn if a school has over 10% of the total student body with a positive COVID 19 test. Masks will continue to be required until the school achieves an infection rate of less than 5%.
- If the COVID rate in your county is at Moderately High or greater, visitors and guests should not be allowed in your school. This includes volunteers. When the county rate is at Moderate or lower, visitors, volunteers and guests may return.

Schools are not required to take temperatures or ask health related questions for students as they enter the school building. Schools should consider implementing screening of students if COVID levels at the county level are in the High category.

It is the responsibility of the parent (guardian) to make certain a child is healthy and able to attend school. Parents should send their child to school if they have answered NO to all of the following questions:

- Have you been in close contact with a confirmed case of COVID-19?
- Have you had a fever in the last 48 hours?
- Have you had a new loss of taste or smell?
- Have you had muscle pain or chills?
- Have you had a new headache?
- Have you had nausea, vomiting or diarrhea?

Knights of Columbus meets the first Tuesday of the month in the church basement from 6-9 p.m.

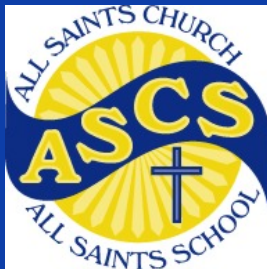

Service and charity are at the heart of the Knights. Founded to meet the needs of immigrants, refugees and families suffering from the death of a breadwinner, the Knights began as a small service organization and has grown into a worldwide financial and charitable organization.

Our local KCs has helped the school with generous donations throughout the years. Please support their fundraisers and consider joining!
