FROM THE CHURCH OFFICE

St. Augustine School has been named a Four Star School by the Indiana Department of Education for the 2014-2015 school year. St. Augustine School also received this designation for the 2013 – 2014 school year. To receive this award a school must be in the top 25th percentile for each grade level in which students were tested in English and Math on the annual ISTEP assessment. Also, the qualifying school must have earned an "A" rating by the Indiana Department of Education accountability system during the year of the award and be accredited by the Indiana Department of Education.

Out of eighteen elementary schools in the Diocese of Lafayette, St. Augustine is one of the five schools to receive the Four Star Award for 2014 – 2015 and the only elementary school in Jasper County to receive the Four Star designation.

Congratulations to the students, parents, teachers and administration at St. Augustine School! They should be commended for their hard work and dedication to Catholic education and excellence!

Floor and Pew Restoration Project Update:

The floor and pew project is underway! The church and school hallway tiles have been removed. The new tile is being cut and installed. The pews are being stripped, stained and varnished off-site. Pictured is the progress on the church tile.

Diocese of Lafayette-in-Indiana. Will you help support our seminarians? Please look at today's bulletin insert, and use the envelope provided for your gift. **St. Augustine's goal for the campaign is \$4,266.00.** Please help us meet our goal!

A Note from the Parish Nurse: June is National Safety Month

Injuries are a leading cause of disability for people of all ages — and they are the leading cause of death for Americans ages 1 to 44. The good news is everyone can get involved to help prevent injuries.

During National Safety Month, **St. Augustine** is working with community members to help reduce the risk of injuries. This June, we encourage you to learn more about important safety issues like prescription painkiller abuse, transportation safety, and slips, trips, and falls.

- **Prescription painkiller abuse:** Prescription painkiller overdoses are a growing problem in the United States, especially among women. About 18 women die every day from a prescription painkiller overdose — more than 4 times as many as back in 1999.

- **Transportation safety:** Doing other activities while driving — like texting or eating — distracts you and increases your chance of crashing. Almost 1 in 5 crashes (17%) that injured someone involved distracted driving.

- **Slips, trips, and falls:** One in 3 older adults falls each year. Many falls lead to broken bones and other health problems. You can make a difference. Find out ways to help reduce the risk of these safety issues.

- **Safety proofing your home pamphlets are available at each entrance and the church office. Please feel free to grab one.**

For more information, contact Jocelyn Ventrello, Parish Nurse.

Believe in the power of prayer!

If you would like to add someone to the prayer list, please contact Sharon Davisson at 866-4675.
