WELCOME FATHER RAJ

We are very happy to announce that the Rev. Rajan Sengol (Father Raj) has been assigned to our parish effective July 3, 2026 as our new Associate Pastor. We are delighted to welcome Father Raj to our parish community of faith, worship and service.

Father Raj is from India. He was ordained a priest there on May 5, 1985 for the Diocese of Ahmedabad; now 41 years a priest. His home is in Tamil Nadu State. He speaks Tami, Gujarati and Hindi. He came to the Archdiocese of Los Angeles 23 years ago. He does not speak Spanish but he can read Spanish that will assist him in sick calls when necessary.

Theft On the Rise at Churches:

Thefts at Sacred Heart And Other Parishes**OCTOBER 2025 I REPORTED TO YOU:**

Our parish rectory and offices in the Parish Center have suffered several thefts over the past months.

Church thefts are on the rise everywhere. No one here has been hurt, however a priest in Monterey, CA was killed.

As a member of the Archdiocese Council of Priests I am painfully aware of reports from many parishes of thefts at the rectory and/or church offices.

We have taken major steps here at Sacred Heart to install multiple protections for the future with first class security. A committee has made solid recommendations for the safety of our people, property and buildings.

REPORTED TO POLICE + ARREST MADE

We reported every detail to the Covina Police Department, and they have been a tremendous help. Thanks to their in-depth investigation an arrest was made. No member of our staff nor volunteers was involved. The matter was also reported to the Archdiocese of Los Angeles.

WHAT HAPPENED

No checks payable to the parish were taken. Your checks are safe. Cash was taken and checks the parish wrote to vendors were taken. The thief then deposited these into his/her bank account, making it very easy for the police to identify him/her. The police had a very solid case against this individual.

We always strongly encourage you to make your offertory gift to the Lord by check for your protection and for the good of the parish. Thank you.

UPDATE ON COURT PROCEEDINGS**July 2026**

The final court hearing for this felony case was held early this month. The defendant was given a jail term of 3 years, suspended with restitution required along with "Community Work" for 60 days. If he does not

complete the requirements within the year, he will face a jail term of 4 years. Community Work is not Community Service, it requires hard labor (picking up trash on freeways, etc.) from 8am to 5pm each day. His 5 days spent in jail last November reduces the 60 days to 55.

My Thanks

I express my thanks to the Covina Police Department for their professionalism in the investigation of this case and for their doing an excellent job of keeping me well informed. I add my thanks to the Deputy District Attorney and his office who were a great help in explaining the process as well as for a dedicated and professional prosecution of this case. Our Business Manager, Fernando Torres, worked closely with the police in the investigation and with me, I am most grateful to him.

Rev. William T. Easterling, Pastor (Father Bill)

heaven is open
to us and we can
experience the
personal love that
our Father has for
us as his beloved
sons and daughters.*

RECOGNIZE GOD IN YOUR ORDINARY MOMENTS

By Colleen Jurkiewicz Dorman

THE WEEDS WE NEED

Driving up my street in late spring, you can see which yard is mine from a whole block away: it's the one covered in dandelions. And I like it that way.

I fear neither my husband's shame nor the snarky comments of neighbors: I will never apologize for my dandelion-filled yard. "It's for the pollinators," I say, but it's a total lie. I just think it looks lovely. Who doesn't like a splash of yellow after a long, dreary winter?

People call dandelions "weeds," but it's just not true. Weeds are, by definition, any plant growing where it isn't wanted. A rosebush is a weed, if it's in the middle of a cornfield. I want my dandelions. Plants that are commonly considered weeds can even have beneficial properties. They attract pollinators, for instance, and they promote nutrient cycling, whereby soil health is improved.

We all have metaphorical "weeds" in the garden of our lives. I certainly do: facets of my personality I loathe, realities of my life I resent, limitations in my abilities I dread—these are my weeds, and their roots run deep, coiling closely around those of the plants I try to cultivate. But if I could rid my garden of any one of these weeds, would it really benefit me? And if I examined them all closely, could I tell them apart—the blessing from the curse, the struggle from the triumph?

One day, it will all become clear: what is the wheat, and what is the weed. We will be put to our ultimate purpose, and we will see ourselves for what we are meant to be.

Until then, we need the weeds. It's not harvest time yet.

LIVE THE LITURGY

The mustard seed was the smallest seed, but it grew to be the largest plant because it was well-tended. This is faith: looking past what is to see what can be, if only we make the necessary choice.

RECONOCE A DIOS EN TUS MOMENTOS ORDINARIOS

Por Colleen Jurkiewicz Dorman

LAS MALAS HIERBAS QUE NECESITAMOS

Conduciendo por mi calle a finales de primavera, puedes ver cuál es mi patio desde una manzana entera de distancia: el que está cubierto de dientes de león. Y me gusta así.

No temo ni la vergüenza de mi marido ni los comentarios sarcásticos de los vecinos: nunca pediré perdón por mi jardín lleno de dientes de león. "Es para los polinizadores", digo, pero es una mentira total. Simplemente me parece precioso. ¿A quién no le gusta un toque amarillo tras un invierno largo y gris?

La gente llama "malas hierbas" a los dientes de león, pero no es cierto. Las malas hierbas son, por definición, cualquier planta que crece donde no se quiere. Un rosal es una mala hierba si está en medio de un campo de maíz. Yo quiero mis dientes de león. Las plantas que comúnmente se consideran malas hierbas pueden incluso tener propiedades beneficiosas. Por ejemplo, atraen a los polinizadores y fomentan el ciclo de nutrientes, mejorando la salud del suelo.

Todos tenemos "malas hierbas" metafóricas en el jardín de nuestras vidas. Desde luego que sí: facetas de mi personalidad que detesto, realidades de mi vida que resiento, limitaciones en mis habilidades que temo—estas son mis malas hierbas, y sus raíces son profundas, enroscándose estrechamente alrededor de las plantas que intento cultivar. Pero si pudiera eliminar alguna de estas malas hierbas en mi jardín, ¿realmente me beneficiaría? Y si las examinara todas detenidamente, ¿podría distinguirlas —la bendición de la maldición, la lucha del triunfo?

Algún día, todo quedará claro: qué es el trigo y qué es la mala hierba. Seremos puestos en nuestro propósito último y nos veremos a nosotros mismos tal como estamos destinados a ser.

Hasta entonces, necesitamos las malas hierbas. Aún no es época de cosecha.

This is a change in the time as so few came before, reducing it from one hour to the last person in church.

New Time is 3pm to the last person

There are exceptions around major Holy Days and Holidays such as Thanksgiving & Christmas & Easter. Please check the Sunday Bulletin or call the Parish Center to confirm the dates. Confessions will be from 3pm to 4pm. The schedule for the upcoming months is:

What is Generative Artificial Intelligence?

Generative Artificial Intelligence is technology that allows a user to create new or alter existing images, videos, or text, based on user prompts or requests. It can be misused to create AI-generated child sexual abuse material, including sexually explicit or exploitative images that depict real children. According to the National Center for Missing and Exploited Children, this technology is being used to exploit children, particularly in the creation of GAI Child Sexual Abuse Material, often generated from images that have already been posted or shared online. In many cases, the offenders were people who knew the child victims well. For more information, visit <https://www.missingkids.org/theissues/generative-ai>.

¿Sabía Usted?

¿Qué es la Inteligencia Artificial Generativa?

La Inteligencia Artificial Generativa (IAG) es una tecnología que permite al usuario crear o modificar imágenes, vídeos o textos nuevos, a partir de indicaciones o peticiones del usuario. Se puede utilizar indebidamente para crear material de abuso sexual infantil generado por IA, incluidas imágenes sexualmente explícitas o de explotación en las que aparecen niños reales. Según el Centro Nacional para Niños Desaparecidos y Explotados, esta tecnología se está utilizando para explotar a los niños, especialmente en la creación de material de abuso sexual infantil generado por IAG, que son creadas a partir de imágenes que ya se han publicado o compartido en el Internet. MEDITACIÓN DEL EVANGELIO

El Papa Francisco, de feliz memoria, decía lo siguiente con referencia a las parábolas enseñadas por Jesús a sus oyentes: “Jesús, cuando hablaba, usaba un lenguaje

sencillo y también imágenes, ejemplos tomados de la vida cotidiana, para poder ser comprendido fácilmente por todos. Por esto lo escuchaban encantados y apreciaban su mensaje, que llegaba directo al corazón. No era ese lenguaje complicado que usaban los doctores de la ley de la época, difícil de entender, lleno de rigidez y que alejaba a la gente. Con este lenguaje, Jesús hacía comprender el misterio del Reino de Dios; no era una teología complicada” (16-07-2017).

Danos, Señor, de tu sabiduría por medio del Espíritu Santo, para ser semilla del trigo bueno, aun cuando crezca la cizaña junto a nosotros. Quitá de nuestro corazón la envidia, el rencor y la mentira; limpia con tu amor lo malo de nuestros pensamientos y acciones. Que tu Palabra sea el centro de nuestra vida. Que no perturben tan fácilmente nuestra fe los medios de comunicación, el internet ni los chismes de farándula que vemos y escuchamos todos los días. Que seas Tú quien nos guíe hacia tu gracia. Gracias por amarnos a pesar del mal presente en nosotros. Abre nuestros oídos para escucharte y seguir tu voz, y que tu mensaje de hoy no sea en vano. “El que tenga oídos, que entienda” (Mateo 13:43)

DECIMOSEXTO DOMINGO DEL TIEMPO ORDINARIO

GOSPEL MEDITATION

A man recently told me he was losing patience with the Church. "It's supposed to be God's Kingdom on earth," he said, "but it's full of contradictions and hypocrisy. Why can't the Church just be better?" That last word landed with a judgmental thud. It hurt. Because at times the Church can look painfully ordinary, even disappointing.

But Jesus' parables in today's Gospel meet that frustration head-on. He says, "The kingdom of heaven may be likened to a man who sowed good seed in his field," yet the weeds grow up with the wheat, and the master allows both to grow together until harvest. To his listeners, this sounded strange, even offensive. They expected God's reign to be pure, powerful, and glorious, anything but mixed up, hidden, or small.

Jesus is showing us something essential. The Kingdom always begins small and grows amid imperfection. Grace and weakness exist side by side until the harvest. That is why the Church often looks messy. Yet within that mess, God's quiet work continues. The weeds do not stop the wheat from growing.

When we see the Church's flaws or our own, it helps to remember that this is exactly the field in which Christ chose to plant. The miracle is not that everything looks perfect, but that his Word keeps taking root anyway.

Lord, give me patience with Your field, the Church. Help me see Your hidden life growing even among the weeds. Amen.
