

Kindergarten

St. Peter kindergarteners are given the opportunity to be the leaders and role models for our younger children. With countless opportunities to “delight in discovery,” kindergarteners are passionate about each day as a St. Peter School student. Through writing personal journals, playing letter and word games, and sharing literature in large and small groups, this language-rich environment provides the foundations for early reading. Through the multi-sensory Superkids Reading Program, children connect with their favorite Superkid. Children’s interest in the world around them guides classroom instruction and inquiry-based learning experiences. Through the series, Sadlier Math, students learn the relationships between numbers and how to solve problems using a variety of math skills. Highlights for our precious kindergarteners are Little Lambs Advent Program, 100th Day of School activities, Superkids Day and Kindergarten Celebration.

Religion

- Learns Sign of the Cross, Glory Be, Hail Mary, Our Father, Prayer to St. Michael, Daily Rosary, Fatima Prayer, O My Jesus Prayer and the Blessing before meals
- Learns the basic concept of the Trinity: God the Father, God the Son, God the Holy Spirit
- Is introduced to the Mass, special leaders of our Church, the Sacraments.
- Learns God’s Rules and how Jesus's shows us God's love through His earthly ministry.
- Explores important events and celebrations observed throughout the Liturgical Year; mainly, all Saints’ Day, Advent, Lent, Easter and Pentecost.

English Language Arts

- Identifies and writes upper and lower case letters of the alphabet
- Utilizes phonemic awareness and phonics as a beginning step of reading
- Encodes and decodes words and sentences
- Learns what good readers do (e.g., letter sounds, language patterns, picture clues)
- Includes beginning, middle, and ending sounds in writing
- Keeps a journal to record thoughts and ideas
- Begins to develop spatial awareness in handwriting (key words)
- Reads color, number, and basic sight words
- Writes first and last name

Social Studies

- Explores characteristics of a global community
- Compares experiences and celebrates traditions of children and families within own community and around the world
- Develops respect for the rights of self and others

Character Education - Personal

- Continues to implement self-control
- Follows St. Peter R.O.C.K. Expectations
- Develops independence and responsibility
- Explores values through literature
- Is given opportunities to develop dependability, responsibility, pride and reliability through problem solving experiences
