

Coaching vs Mentoring

BOTH ARE GREAT, BUT YOU NEED TO CHOOSE ONE

Coaches are people who will help lead small group sessions, as well as help families stay up to date, through electronic communication, with the opportunities to connect and encourage greater participation in the life of the St. John community.

Mentors are like Sponsor Couples for Marriage. They will walk with the candidate, sponsor and family throughout the process in a time a place that is convenient for all, (a parent must be in the room at all times during the session) as well as to communicate opportunities to connect and encourage greater participation in the life of the St. John community.
