

A Power point presentation which includes amazing film footage on the testimony and report of three professionals, an attorney, scientist, and a journalist, who have examined certain mystical phenomena that have happened in the Catholic Church in modern times. Their work, "Signs from God, Science Tests Faith," was the subject of a Fox Television Special, and broadcast in a two hour presentation in 1999. Their work investigates Eucharist miracles, the phenomenon of a statue of Jesus that weeps tears and blood, the stigmata in a current day mystic, and more. Their recent scientific findings concerning a modern Eucharistic miracle in Argentina, carried out at the request of Cardinal Bergoglio of Buenos Aires, now Pope Francis, are exceptional and a "must" for all who seek the truth about Jesus being truly present in the Eucharist.

The presentation is based on the book **REASON TO BELIEVE**. **REASON TO BELIEVE** was officially launched in 2007 by the Office of Catholic Education in the Archdiocese Of Sydney. The person who organized the launch was Father John Flader, the head of Catholic adult education in the Dioceses. He read and approved the book as a recommended Catholic publication.

Some fruits of the presentation over the last nine years

“Attendance at daily Mass more than doubled and continues to thrive. Those coming to Adoration tripled in number...”

--Fr. Jim Gigliotti, TOR, Pastor – St. Maria Goretti, Arlington, Texas

NON-PRACTICING CATHOLICS

“I wanted to thank you for changing my life. My mom went to day 1 of the 3-day mission... she got me to attend the second day... I was an occasional Mass attendee, mostly holidays. After your talk I made a good confession and now attend Mass DAILY....”

– Kenny Wharton Phoenix, AZ

“I thank you from my heart for the 3 days of ‘Science Tests Faith’... Because of ignorance, I was bringing pain to Jesus just as those who beat and crucified Him. No more!! After over 40 years I received the Sacrament of Confession again, and will continue from now on...I am so fired up to do as much as I can for Jesus and to spread what I’ve experienced.”

– Tom Cremona Lewiston, ME

FORMER CATHOLICS

Below is another beautiful testimonial demonstrating the impact of our event. It is a story of a faithful Catholic-turned-Protestant-minister who found his way back to the Catholic fold:

“Without hesitation, nor exaggeration, I can say it was this presentation that was the pinnacle of my return to the Catholic Church...Two days after the event, my 10 year old daughter asked if we were going to start going to the Catholic Church. I told her, I think so, but did she understand that...they taught that the bread and wine actually become the body and blood of Jesus Christ. Without hesitation she stated, ‘Well they do, remember, we saw the video.’..In that moment, through the eyes of a child, I was given clarity of purpose and my family and I returned to the Catholic Church.”

To whom it may concern:

I was most happy to host Tim Francis and his presentation "Science Tests Faith" at my parish. I found the presentation to be solidly Catholic, inspiring, and powerful. Many of my parishioners attended and immediately daily Mass attendance increased. I look forward to many continuing fruits in my parish from this presentation and wholeheartedly recommend it to any Catholic diocese or parish.

SAINT ANDREW

CATHOLIC CHURCH AND SCHOOL

December 3, 2019

To Bishops, Priests and Parish Administrators:

Please consider this a letter of recommendation for Mr. Tim Francis, a lay Evangelist in good standing with our Catholic Church, who may be approaching you to seriously consider a presentation on the Real Presence of Christ in the Eucharist. With the recent polls on Catholics in the United States doubting the efficacy of Transubstantiation, insisting 70% disbelieve or strongly doubt the Real Presence in the Eucharist, Tim's zealous and informative power-point presentation is most timely.

Tim gifted us with his enthusiastic wisdom in early November of 2019. He gave the same material three nights in a row. We do not have a large meeting place and the technology for our Church sanctuary is antiquated and could not accommodate a screen or technical connections. Consequently, we met in our largest room in our Parish Center, which accommodates about 300 chairs. All three nights were packed, to standing room only. Tim has found that he gives the one talk; people go out and tell others and so a new group comes the second night. This group then "evangelizes" and stokes the fires of curiosity and hunger for our Catholic spirituality at our best. The third night, once more, we were filled to overflowing. I was amazed that whole families came, and high school and University age students were in the majority. Tim Francis gives an honest, down-to-earth, fervent exposition of his own Catholic journey and his dawning awareness of Christ truly present in the Blessed Sacrament. He presents Church teaching, quotes from the lives of the Mystics and Saints, and shares some stories of our Eucharistic faith and Eucharistic miracles. Really, he leaves his audiences absolutely spell-bound. Their sense of wonder and awe over the Center of our Catholic Faith is a new experience for many if not most, who have not been exposed to the teaching data Tim adroitly presents.

"For years, I have had to fight with my non-practicing husband to come to Mass with me. "Let's get this show on the road," he'd say as we were leaving, which always irked me. Now, after Mr. Francis' talk, he's the first one out the door for Sunday Mass. I could never have imagined this change in my husband of thirty years. He has returned to Confession too! I am so grateful for this event and thank you, Father, for bringing this amazing man to our Parish."

"My teenagers were so swept up in this material on the Mass and the Sacraments, I can hardly take in the fact they are actually going to Mass and Adoration on their own. We talk about Christ now at our meals and they are hungry to know more of the Catechism. I had to promise them some fast food if they came with me to Tim's talk. They were in tears as we left the Church, and just wanted to be quiet! Imagine, my chatty teenagers! Quiet and very still and SMILING! Truly, this man is full of the Holy Spirit."

"I'm a University student, graduating this coming Spring of 2020. Tim Francis described University life as I've known it, right down to the drinking and drugs. I've wavered in my Catholic practice and realize now I've been missing Jesus in the Mass. I really and truly did not realize that Christ is REALLY, REALLY PRESENT in the Holy Communion, and I went to twelve years of Catholic Schools! This makes me sad. Was I not paying attention? Have I been that self-involved that this "Mystery" Tim teaches about has been literally under my nose and on

my tongue and I've been oblivious? Believe me, Father, this has changed, completely! I go to Mass when I can during the week, as well as not missing Sunday Masses. This has given me such a sense of peace and joy, way down deep. There has been so much anxiety as I approach leaving University. I have feared the future and doubted myself. These are no more! Mr. Francis' inclusion of St. Faustina and the Divine Mercy message of "Jesus I Trust in YOU" has been a game-changer! That evening, my life was changed! I know who I am! A child of Christ, full of His Eucharist Presence and the Holy Spirit! I cry good tears. My girlfriend is not curious about the Faith. She is a non-practicing Catholic. I tried to get her to come with me to that presentation on the Eucharist, but she begged off. Now she is so sorry, as a couple of our friends went with me, and she feels deprived. Please let me know where Tim is speaking again. We will get on a plane if we have to. That's how stoked she is. Thanks for this down to earth fellow. He talked my language."

We instituted a new Adoration Room a month or so ago. Since Tim's three nights, that room is seeing high traffic. Attendance at our Masses has certainly increased, and Confessions! Most have been away from Confession for many years. I've been in tears at times, celebrating Reconciliation with our people who, as one fellow said, "The scales have fallen from my eyes!" Genuine contrition and great gratitude to our Lord is expressed and celebrated at their Absolution. This is all due to Tim Francis and his prayerful, enthusiastic love for Christ in the Holy Eucharist.

Please seriously consider hosting this Catholic husband and father of three teenagers. I have known Tim for ten years and I've been privileged to see him grow and prosper in the Graces of God with a prophetic, teaching spirit, on fire for love of Christ, His Gospel and the Deposit of Faith.

The Lord raises up souls in times of crisis and aridity to once more fan the flames of ardor for all the Church teaches and believes. Tim Francis is among those with a prophetic voice, teaching the Mind of God.

God bless you and your Ministries for the Body of Christ, the Church.

Sincerely in Christ+

36-year-old fallen away Catholic. His mother has been praying years for his return to the Church. The ONLY way he heard of the presentation was by receiving a postcard in the mail:

I was raised in a catholic household where going to church every Sunday and on holy days was a requirement. I received the sacraments and attended, but in my teenage years I began to run down a path that wasn't towards Jesus or my faith. As the years passed my decisions began to be more and more against the teachings of the church and my belief began to run dry. I had so many questions but never was able to find answers that I believed made sense. Soon I found myself only going to church on the occasional weekend when I was with family or the occasional Christmas and Easter mass. My wife and I sent both children to catholic school because I believed that there was an opportunity for them to find out what I had missed somehow somewhere. Because of this we joined the parish and were non practicing parents at St Joseph's Catholic Church in St Johns, Michigan. ***I opened the mail in April of 2019, after a terrible personal year in which I made some of the worst personal and family-based decisions of my life, only to see an invitation*** to listen to Tim Francis speak about Eucharistic miracles. Thinking this might be something important, I asked my family to go with me. The day came and I wasn't feeling well so I called my mother to say I might not be there. She informed me that she thought it was a mistake and that she would still be attending with my father. About 45 minutes before the start something got me up and I felt well enough to attend. I remember sitting there for hours listening intently as if only seconds had passed. I had missed the truth all of those years and it was now in front of me. Seeing the miracles that no science can refute, and the people personally touched by Jesus and Mary forever changed the direction of my life and the makeup of my heart. I felt the power of Jesus and for me that could only have happened by seeing what Tim presented. Since that day in May I have not missed a mass, I look forward to Mass and I am invested in my faith and relationship with god. I will encourage anyone that has the opportunity to attend Tim's presentations to do so and I look forward to seeing it again.

Dear Friends in Christ,

I am writing to recommend to you the ministry of Tim Francis, whom we had the privilege of hosting a three-night Catholic Evangelization and Renewal of Faith event at Our Lady of Perpetual Help in Morton, Pennsylvania, this past October of 2019.

His presentation, entitled "Signs from God: Science Tests Faith," centered on the Eucharist, the Real Presence, Eucharistic Miracles, Reconciliation, and the importance of the Mass. The response to Tim's presentation was quite overwhelming to say the least and he was extremely well received. In preparing for Tim's coming, our Parish Evangelization Team worked with the Office of Evangelization of the Archdiocese of Philadelphia who assisted with publicizing his coming to our parish. The presentations were held in our Church and drew close to 1000 people from 55 different parishes across the Archdiocese of Philadelphia.

Tim's gave the same presentation each evening, but it confirmed that many who came the first night were inspired to bring or send others the following two nights, and from a purely observational perspective, audience demographics of the last night was significantly younger with many young adults and parents of young families with children! Tim's enthusiasm and clear presentation of the beliefs of our Catholic faith rang clear to all present! Tim's passionate presentation of solid Catholic teaching on the Real Presence in the Eucharist, the Mass, the importance of Confession, Adoration, as mentioned above and so many other tenants of our Catholic Faith held the attention of everyone each night until the final prayer and blessing was given. Tim shared with everyone his own renewed faith and deep devotion to the Holy Eucharist and the Blessed Mother, Mary.

We were struck that hardly anyone left their seats or the church for the entire two to two-and-a-half hour presentations. The results from the more than 300 surveys we were able to collect, was that on a 10-point scale, with 10 being the highest, the average rating was 9. This shows the impact of the content that Tim presents and the passionate and convicting manner in which he delivers his message!

In addition to first-hand responses from attendees, some of the things people took the time to say in the surveys collected were:

1. **Confession:** "Need to go more often." "Need to get back to confession." "Go more often before receiving the Eucharist."
2. **Adoration:** "Want to go weekly from now on and bring my husband and son." "Attempt to join my wife and family in adoration and prayer time together." (By man who identified himself as Protestant.)
3. **Mass:** "Be better prepared spiritually for Mass." "More mindful, attentive, reverent during

Mass, especially when receiving Holy Communion.” “Arrive early and stay after.” There were many other responses - all positive.

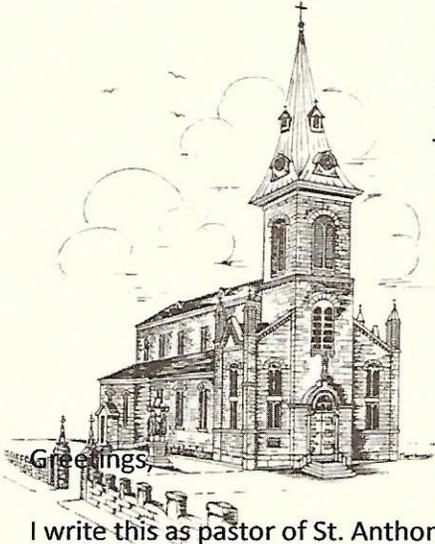

I highly recommend Tim Francis and his “Signs from God: Science Tests Faith” to other pastors and parishes especially in this age of so much confusion and indifference to many of the essential truths of our Catholic Faith.

We were truly blessed to have Tim’s Ministry come to our area and, based on comments we received from those who attended from many other parishes, we have no doubt that Tim will be returning to do more evangelization work in the Archdiocese of Philadelphia.

Sincerely yours in Christ,

I write this as pastor of St. Anthony and St. Joseph parishes located in Central MO. On August 11th and 12th these parishes teamed up to bring Tim Francis of You Shall Believe Ministries to St. Joseph's. The vast experience Tim has accumulated by bringing his Eucharistic Miracles presentation to hundreds of parishes around the country was made evident. We had a wonderful turn out both nights! His step by step event planning guide provided to us, helped to make planning this event to gain maximum attendance relatively simple. The effort and amount of capital that it took to bring Tim here was nominal when compared to the tremendous blessings our faith community has received in return. It was a great blessing to me, that the weekend after Tim's presentations the confessional was occupied for the entire allotted time. That has never happened at St. Joseph's since I have been pastor! The messages that he had really inspired people to understand, is the importance of being in a state of grace when receiving the Eucharist and the tremendous value of the Holy Mass. He seems to have set a bit of a fire and has awakened many of our parishioners to this great mechanism, this great tool to get to heaven, primarily by utilizing the Sacraments of the Church. The value of the many souls who returned to the sacraments as a direct result of Tim's presentation is truly priceless!

Tim is a passionate speaker and kept his audience completely captivated during the entire duration of his presentations. He shares his personal testimony which like many of ours includes its share of tragedies and triumphs. Tim's story unfolds like a novel so creative only God could have been the author! His conversion/re-version to the faith is a witness to the power of prayer, especially the prayers of a mother. His presentations include video that reflects...his own heartfelt personal witness, detailed explanations of past miracles, DNA and scientific evidence of current miracles and teachings on the value and importance of the Holy Mass and Eucharist.

His presentations bring to light the great lengths our God will go through to prove how much He loves us! It is my belief that even the hardest of hearts could be softened by attending one of Tim's events. It is my great pleasure to say I cannot recommend Tim Francis and His Eucharistic Miracles presentations highly enough. I am also pleased to say the increased utilization of the Sacrament of Penance has continued along with a rise in attendance in Adoration! Tim's passion and enthusiasm is contagious. If you want your parishioners to be infected with a re-discovered love of the Catholic Faith invite him to your parish!
