

April 28, 2023

Dear Parents,

It is our recruitment time for Holy Trinity School Patrol. We are now inviting your student to consider joining or continuing in this very special community service team.

Our Student Patrols are selected on the basis of the following qualities:

- Leadership
- Mature Behavior
- Academic Dedication

Student Patrols are held in high regard within our community because of their dependability and commitment to student safety. To serve as a Patrol is indeed an honor. Rules and expectations for the patrol team have been developed to maintain the highest level of excellence and safety. Students who apply for Patrol service must be prepared to abide by these rules and expectations to preserve the excellence and safety record of the team and Holy Trinity School.

Please look over the enclosed "Rules and Expectations for Patrols" sheet. It clearly defines the requirements of being a Patrol for the student and his/her family. The Patrol commitment should not be taken lightly--It is an awesome responsibility! But since Patrols are truly valued, they also enjoy recognition and special rewards for their service to the community.

Every effort is made to honor carpool arrangements in scheduling Patrols. Patrol crews will be designed to facilitate yearlong planning for carpools, a courtesy and service to our Patrol families. We are in need of morning and afternoon patrols. The morning and afternoon roles will be the same as they are this year of 2023. **Please seriously consider if you can do morning patrols this year. We are often in need of A.M. patrols.**

If your student is interested in serving as a Patrol, please help him/her complete and sign the enclosed application form. It must be returned to his or her homeroom teacher by **Friday, May 5<sup>th</sup>, along with a stamped, self-addressed envelope**. Students will be notified of their selection by Wednesday, May 10th. Patrols will be required to attend a one hour formal training session during the last week of August. (a reminder will be sent around August 1<sup>st</sup>).

We look forward to forming our Patrol leadership teams!

Sincerely,  
The Holy Trinity Staff

My son/daughter and I have discussed the responsibilities of being a patrol as described on the “Rules and Expectations for Patrol” sheet. I am satisfied that my student understands these rules and expectations. I understand my child will be expected to follow them and will bear the responsibility of communicating to me any infractions he or she makes. I also understand that my student will lose the privilege of serving as a school patrol immediately upon receiving the third citation. I agree to have my student at school on time for patrol duty and to make sure he or she dresses appropriately for the weather on patrol days.
