

An aerial photograph of a golf course layout. The course is irregularly shaped, surrounded by green agricultural fields and dense forest. Numerous blue arrows are overlaid on the image, indicating the direction of water flow. The flow starts from the top left, moves through a series of interconnected channels and ponds, and eventually exits the bottom right. The arrows show a complex network of paths, including a large loop in the upper right and several smaller channels winding through the landscape. The water bodies are depicted in various shades of blue and green, reflecting the surrounding vegetation and sky.
