

Hello parents of incoming first graders!

We are looking forward to having your child in first grade soon! To ensure that they have a good foundation for first grade, we are assigning IXL diagnostic to be completed on IXL.com. We will assume that students are comfortable using IXL and practicing certain skills come fall.

~~~~~

To log in, first go to [www.ixl.com](http://www.ixl.com)

Student usernames are 30, first initial, last name@holynamemi  
(For example: Susie Rogers would be 30srogers@holynamemi)

Student passwords are 12345678

Then click on “Diagnostic” in the green bar at the top. Next click “Step into the Arena”. Once you are in the arena, chose which question you would like to answer. Please encourage your child to try their best. They will not get every question correct but the diagnostic will tell us what they know and what they are ready to learn next. If they’re unsure about a question, they can click “I don’t know this yet” and move on.

Incoming first grade students must do IXL diagnostic at a **minimum of 3 times a week for 10 minutes each time.**

In addition to IXL, we are asking future first graders to complete their summer reading log for each month.

Thank you for your cooperation, and for supporting your child’s learning at home!  
We’re looking forward to a great year!

First Grade Teachers

*\*\*\*My child, \_\_\_\_\_, has completed the required IXL diagnostic and reading logs over the summer.*
