

Catholic Youth Renovation Project

Information for Parishes/Organizations

There are a couple of ways to get your parish/organization involved in CYRP depending on how many youth are interested in participating.

1. Five or fewer youth from a parish/organization:
 - a. \$150 registration fee per youth (any accompanying adults are free)
 - b. The youth volunteers will join existing teams/projects.
 - c. Donations for building materials are greatly appreciated but not required.
2. Six or more youth from a parish/organization:
 - a. \$150 registration fee per youth (adult leaders are free)
 - b. Must form a team of 6-8 youth with two adult leaders (one male and one female) who will have their own project.
 - c. Minimum of \$2000 per team for building materials.

Note: A typical CYRP project requires approximately \$2000 - \$3000 worth of building supplies such as lumber, sheet rock, insulation, electrical and plumbing materials, etc. Please consider asking your parish priest to allow the youth to make an appeal to the parish for donations to this worthy cause. We can provide a video/PowerPoint with before/after pictures of our previous projects as well as a breakdown of our previous income/expenses that we can share. Other fundraising activities could also be used.
