

Catholic Youth Renovation Project

Application for Home Repair Assistance

Thank you for your interest in the Catholic Youth Renovation Project (CYRP). We are grateful that you have taken the time to submit this application and share your needs with the parish community.

CYRP is a service initiative in which high school youth, adult volunteers, and parish leaders come together to assist families in need through small home repair and improvement projects. The work is offered as a charitable service and an opportunity for young people to live out their faith through acts of mercy and service.

Please note that submitting this application does not guarantee that the project will be selected or completed. Each parish participating in CYRP forms a small review committee, typically working in consultation with the pastor, to prayerfully evaluate the applications received. The committee uses its discretion to determine which projects are most appropriate for the program.

Several criteria are considered in this discernment, including:

- The type of work requested must be appropriate for youth volunteers and adult leaders to complete safely.
- The scope of work must fall within the available project budget for the parish.
- The repairs must reasonably be completed within the five-day service period of the Catholic Youth Renovation Project.
- The project must be suitable for the size and ability of the youth work teams.

Because of these limitations, some homes may not be selected even when the need is real and significant. In such cases, the parish may suggest that the homeowner consider seeking assistance from another community organization or agency that may be better equipped to address the situation.

If a project is selected, the assistance is offered as a charitable service provided by the parish and its volunteers. All work is performed by volunteers, including youth participants, and no guarantee or warranty is provided for the services rendered. The homeowner acknowledges that the work is a gift of service offered through the parish and undertaken in good faith by volunteers.

We thank you again for your interest and for allowing the parish community to learn about your situation. Your application will be reviewed with care and respect.
