Hello Brothers and Sisters,

We are very pleased to communicate to you outside our continent and more so to brothers and sisters in Christ.

We are Plaxeda Kamanyiro, the Catechist, married to Stanislaus Kostka Kamanyiro for now 40 years.

Turned a Catechist overnight after my predecessor Catechist became very frail and there being nobody else at the time to take over his mantle, I have been blessed to serve my church for over 29 years non-stop.

My husband Kamanyiro S.K an x-seminarian has been chairman for over two decades in Katojo Village Church where I serve.

We are a Catholic family of nine; with one daughter gone to the Lord, three married girls, two boys and the youngest daughter doing her Masters Degree. We are blessed already with thirteen grand children.

The family and two adopted children

I started serving from a small old church below:

and mobilized the Christians to build another one here below

The second old church

With raising standards and growing faith in Christ the Christians are building yet another bigger and better church around the old one. Our prayer is to strengthen the hearts of the faithful.

For a living we are an agricultural family which diversifies in many enterprises.

We grow banana as a plantation crop.

We rear pigs for cash

and we have innovated in grape and wine production in the country
and we produce a wine named SedPearl

With God's grace we hope to interact with you more and more.

God bless you.

.....
STANISLAUS AND PLAXEDA KAMANYIRO
