

Medical Response Team (MRT) Overview

Mission

To provide leadership and expertise during emergency medical situations that happen during Mass at Good Shepherd

Process

- MRT scheduled at that Mass time will check in at Welcome Desk, then welcome desk will write down name of MRT and direct the MRT to check in with lead usher.
- This MRT member will let the lead usher know where the MRT can be found during the service.
- When needed (as requested by usher or church leadership) the MRT member will discretely notified to attend to the medical emergency/ condition and provide assessment to the situation/ condition and direct the next steps in the medical event.
- Communication amongst MRT members would be via email and the Ministry Schedule Pro (MSP) app.
- In the event of medical emergency, a brief follow up report would be required to be completed by the MRT, this in turn would be submitted to church administration and the MRT visionary team (a form for this will be in development).

Scheduling

- Increase numbers for this team in order to service all Mass times.
- Goal to have a one MRT at every Mass.
- Christmas 2019 services are targeted start date.
- Once we have numbers we can use the existing MSP scheduling system to set up an rotating schedule, MRT members will be able to schedule themselves with Mass time preferences and availability.
- MRT visionary committee will meet a few times a year but the general members of the MRT will not be required to attend.

MRT requirements

- Have formal and up to date CPR, AED and CPR training
- RN, RPN, NP, MD, firefighters, EMT's and lifeguard's would be ideal at MRT
- Willingness to lead in event of medical emergency
- Willingness to be participate on this committee
