FR. CHRIS' COLUMN

This past week we celebrated Ash Wednesday, the beginning of our Lenten Journey accompanying Christ as he teaches us how to prepare for his passion, death, and resurrection. This can be challenging to us, as so often we desire to live in a mode of comfort, without suffering, pain, inconvenience, or difficulties. Making this more confusing is the reality that in the United States of America, in the year 2025, we have alleviated quite a bit of the sources of human suffering – medicine, building technologies, mass production, and computers have all addressed quite a few of the longtime sources of human suffering.

The paradox for those who follow God is that we are called **to** suffering with Christ as a means of love. Compassion comes from a latin compound word meaning 'to suffer with'. Jesus teaches us that the 'suffering with' is love – he comes to suffer with us the punishment of sin that is due to man. He takes on what is broken and deserves suffering, to love us, and to find a remedy for our suffering. This teaches us two great lessons:

First, Jesus demonstrates that suffering is an opportunity for love, and that walking with the suffering is an act of love for them.

Second, Jesus shows us that suffering out of love for God and others is redemptive. When Jesus suffers in his passion and death, he rises then to new life – the cross leads to the resurrection.

All of this helps us in the midst of our suffering, and when we walk with others in their suffering. We can see that suffering is not pointless, and while there is some suffering that we should try to alleviate, like diseases, unsafe living conditions, or threats to human health and flourishing, we should also accept that God intentionally allows us to suffer as a gift to us. How so?

God wants us to live for love of him and love of others. We suffer a longing for union with God and the challenges of being faithful to him, and in these challenges we have an opportunity to love him. For others, we suffer with and for them, out of love for them. We have to seek what is good and true, but challenging – instead of what is easy or convenient, but avoids loving others in the places they are hurting. Our love for them is our path to the Kingdom and joy of the Resurrection, and our sufferings have great value. This is why the season of lent holds so much power, freedom, and grace for us – by choosing to love God and love our neighbor through intentional suffering, even in small ways, we choose to let God open us to a greater capacity for love, and we make ready in our hearts for the life of God to be in us and shared with others. May you have a blessed Lenten journey!

Fr. Chris

AWESOME OPPORTUNITIES FOR TEENS ACROSS OUR DIOCESE

Many of us can look back on the years that we were young and say, "I wish we had ____" or "I didn't have that opportunity when I was a kid." We certainly don't want our own children or grandchildren to wish there was more opportunities for them - we hope and desire to give them what they are longing for! That is why we promote awesome opportunities that our diocese and parish communities have to offer, especially to teens. A vast majority of Catholic youth are disconnecting from the Catholic Church during their teenage years - most by the age of 13. Let's bring them back, pass on the faith to the next generation, and get them engaged into the life-giving hope of the Catholic Church!

We have awesome opportunities for them such as weekend retreats throughout the school year at Camp Gray, week-long summer camps at Camp Gray, summer mission trips to local communities in our own diocese through a program called, "Love Begins Here", a week-long summer program for kids and teens called "Totus Tuus" at various parishes throughout our local area, and not to mention our own youth groups within St. Isidore the Farmer Pastorate which are designed to engage teens in a fun and faith-filled community.

Help us spread the word to the youth in our parishes. Mention these opportunities to them and invite them to attend with some of their friends! Let us go out and make disciples starting with those in our own community.

LOCAL, LIFE CHANGING MISSION TRIPS

Does your teen have a desire to have "fun in the sun" this summer? We have an opportunity that both parents and teens can get on board with! Love Begins Here (LBH) is a summer service program for 6th-12th grade teens in the Diocese of Madison.

LBH is modeled after Saint Mother Teresa and her quote "Love Begins at Home." Love Begins Here aims to serve our neighbors in need each summer. Get your group of friends together and take advantage of this awesome opportunity! Along with service, teens get to head to the pool each day, eat great food, and dive into their faith through prayer, inspiring talks, and fellowship. To learn more about LBH, you can reach out to Sarah Allen or visit the Love Begins Here facebook page.

Registration for Love Begins Here 2025 is open! We already have 200+ teens and adult Lead Missionaries registered for the summer! **Registration will remain open until Thursday, April 17th.** To register, contact Sarah Allen, Director of Faith Formation 608-776-4059 or sarah.allen@stisidorewi.org.

YOU ARE INVITED TO COME AND ADORE CHRIST!

Our pastorate has opportunities for you to spend time with the Lord in Adoration. Adoration is the act of worshiping God while He is present in the Eucharist. It is a time of prayer and devotion before the Blessed Sacrament which is placed before us, in a monstrance, on the altar. You can come and pray in front of the Blessed Sacrament during the times of adoration for a few minutes, or a few hours. Come and spend some time each week with our Lord, present in the Eucharist!
