Usage Rates

Thank you for your interest in using the Corpus Christi Center! On the parish website at <http://www.sjparish.org/cc> you will find additional information about the Corpus Christi Center, including the calendar. Please note that the number of tables and chairs that any particular layout might accommodate depends on whether or not the dance floor will be used and the need for any head tables, buffet tables, etc., so the capacities listed are general guidelines. Please inquire about your particular situation.

This is an architect's drawing of the full hall. Each table accommodates ten chairs and the Corpus Christi Center offers a maximum of 45 tables. However, an event typically requires that some areas be reserved for other uses. Some examples are shown but others might include a podium with microphone or use of the drop-down screens for multimedia. This drawing is only an example and there is great flexibility in configuring the room. Even when large areas are excluded, we have the option of spacing tables differently in other areas.

PHOTOS OF THE SPACE

Below left is a photo of the full hall and below right is a photo of the gathering space. The photo to the right shows the space decorated for a festive event.

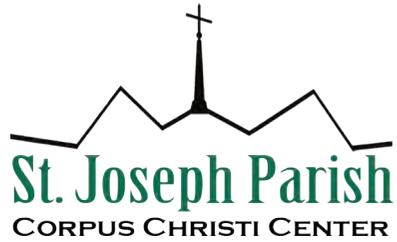

LINEN OPTIONS

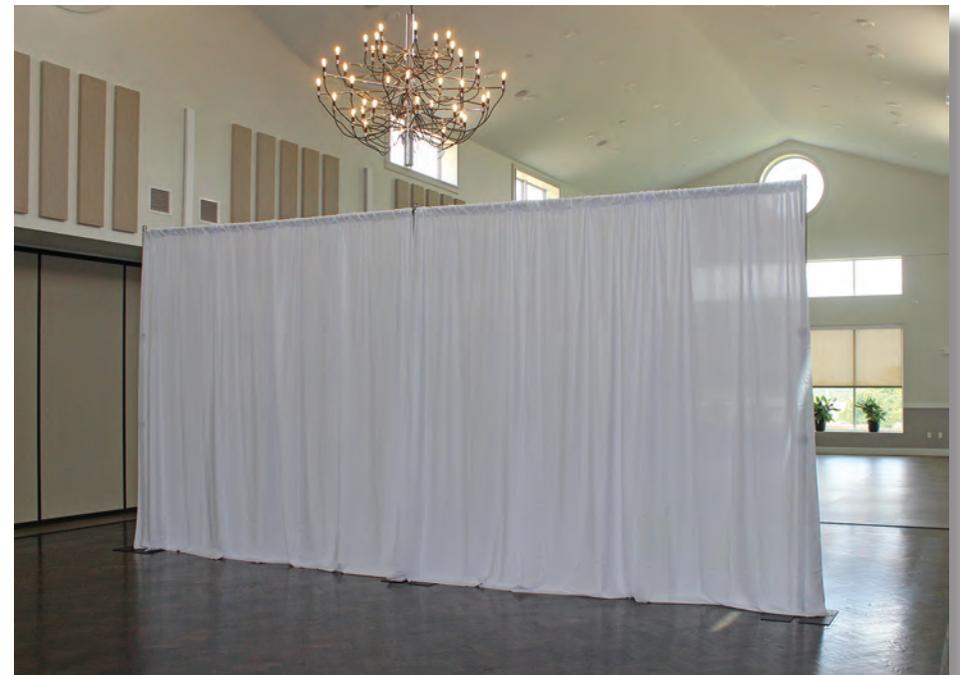

Use of the full hall includes a basic linen package (when applicable) that consists of 85" x 85" square tablecloths and napkins in white or a variety of colors. Either 120" round tablecloths (\$15 each) or 132" round tablecloths (\$18 each) may be substituted, but the longer lengths are only available in white, ivory, and black. For smaller parties, linen rentals may be available for an additional expense.

PIPE AND DRAPE

Pipe and drape can be used to separate a space, as a photo backdrop, to cover a wall, or as a focal point. It is great for bridal and baby showers, birthday, graduation, and retirement parties. Our pipe and drape is included in full hall bookings. For anything less than a full hall booking there is a \$50 usage fee. We offer black and white drape panels. Each panel is adjustable from 4'-10' height and 4'-10' wide.
