“CREATION CARE CORNER:”

We have been misled by the fossil fuel industry. They want us to believe that the manufacturing of plastic products does not impact climate change or the pollution of the earth. They offer the solution of recycling, but most plastic products are not amenable to this process.

According to a Greenpeace comprehensive survey of plastics recyclability, published July 15, 2022, we were sold a whopper bill of goods in the 1970s. Most plastic items usually end up in landfills or incinerators, if not polluting the environment. The lie that recycling is a REAL solution for the explosion of plastic packaging is clear!

As people’s “awareness of climate change grew,” according to David Klepper, “fossil fuel companies poured millions of dollars into public relations campaigns denouncing the accumulating evidence . . .”

Greenpeace maintains that over 90% of plastic is not recycled, and that that rhetoric was an industry smokescreen to pump out more and more plastics for profit. Recycling is not – and has never been – a real solution for plastics. Our environment, oceans, and communities are paying the devastating price for this crisis. Greenpeace proposes that companies move away from single use plastics completely. Our future depends on the implementation of sustainable refill and reuse systems on a global scale. In this way, the economy will use less fossil fuels to support the way of life we have become accustomed to.

An action we can take is sign and return the Petition in Support of the Break Free from Plastic Pollution Act (S.984), sponsored by Senator Jeff Merkley. Google: **Action Network, petition supporting Break Free from Plastic Pollution Act** and scroll down to: **Tell Congress Support . . .**

This federal legislation, when passed, would protect our communities and wildlife to create a healthier, more equitable future by:

- Shifting **responsibility** for waste management and recycling to manufacturers and producers
- Setting up a national beverage **container refund** program
- Establishing minimum recycled **content standards**
- Phasing out certain **single-use plastic products**
- Prohibiting plastic **waste** from being **exported** to developing countries
- Placing a **moratorium** on new and expanded plastic facilities until vital environment and health regulations are updated and created.

The material in this article was taken from *Greenpeace* newsletter, dated July 15, 2022, and from the *Virginian Pilot*, the article, “State of Deep, Enduring Denial” in the July 29, 2022, written by David Klepper. Ed Marroni – Holy Family Environmental Ministry

RCIA is short for the “Rite of Christian Initiation of Adults.” RCIA is the normative process where those who are interested in the Catholic Church have a time of teaching and discernment about a possible call to full participation in Catholicism.

RCIA is open to:

- Those adults who have not been baptized and are spiritually looking
- Those adults who have been baptized in a recognized non-Catholic Christian tradition
- Those adults who were baptized Catholic but have not celebrated the Eucharist and Communion
- Those who just want to learn more about the Catholic Faith

Participating in RCIA does not mean that you **have** to become Catholic, but it does help you discern as to whether God is calling you to join the Catholic Faith.

Classes meet on Sundays at 9:30 a.m., in Room 147. Please contact the Parish Office at 757-481-5702 if you are interested in learning more.

Can You Name the Eleven Catholic Churches in Virginia Beach?

In last week's bulletin the geographical differences between a diocese, vicariate, deanery and a parish was explained.

Virginia-Richmond Diocese-Eastern Vicariate-Deanery 2-Holy Family

There are eleven Catholic Churches in Virginia Beach can you name them? Quiz a friend!

Anglican/Roman Catholic Community of Holy Spirit	Church of the Ascension	Church of the Holy Family	Church of Holy Spirit
Saint Gregory the Great	Saint John the Apostles	Saint Luke	Saint Mathew
St Mark	St Nicholas	Star of the Sea	Dioceses of Richmond

The social justice/outreach coordinators of the eleven Catholic churches are meeting on a monthly basis to collaborate on issues affecting our community. Our current focus is collaborating with the seasonal workers on the Eastern Shore of Virginia to provide financial and spiritual support.

We're Off to a "Good" Start!

Last weekend kicked off our **ONE TON in ONE YEAR** campaign. In our first week, Holy Family collected 38.6 pounds of plastic bags. That is right at the amount needed to reach our goal of one ton in one year. Help take care of our common home by keeping your plastic bags out of landfills and the ocean. Drop off your plastic bags before Mass in the Commons at church.

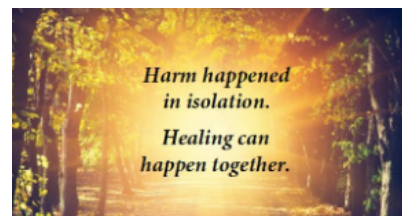

The Holy Family Environmental Ministry would like to thank all the parishioners for their support. Keep collecting those plastic bags.

A special thanks goes to Holy Family parishioner Betty Swap for initiating Taylor's Do-It Center's plastic bag recycling. Betty goes to Taylor's each week to collect their bags. They are now collecting their plastic wrap for Holy Family to recycle.
