NATIONAL VOCATIONS AWARENESS:

“There are varieties of gifts, but the same Spirit.” Is the Lord inviting you to share your gifts as a priest, deacon, sister, or brother? Call Fr. Brian Capuano at the Vocations Office at 804-359-5661, or email vocations@richmonddiocese.org.

“CREATION CARE CORNER:”

Hydrogen is turning up in movies and the headlines as the fuel of the future! Is hydrogen really the zero carbon fuel of our dreams? Its promise as a climate solution has piqued the interest of entrepreneurs, scientists, and governments. According to McKinsey and Company, more than 680 new large-scale hydrogen projects have been announced around the world, representing \$240 billion in investments over the next decade.

The question arises, though: “Is hydrogen energy clean?” It does produce zero carbon emissions when it is burned or used in a fuel cell. However, pure hydrogen is rarely found in nature. It must be extracted from another source, and today almost all hydrogen is extracted from coal and natural gas, releasing carbon dioxide as a by-product.

There is promise in green hydrogen, which can be produced from water, using renewable energy. Today, however, less than 1% of hydrogen is green. Even green hydrogen isn’t harmless. If burned, hydrogen creates nitrous oxides. These air pollutants can cause asthma, bronchitis, and increase the risk of heart disease, putting the health of people living and working near hydrogen facilities at risk. Also, another drawback is that “hydrogen is a leak-prone gas with a potent climate warming affect that is often overlooked,” says the Environmental Defense Fund (EDF) scientist Ilissa Ocko. “If hydrogen is going to deliver what its backers promise, we need to keep it from escaping into the atmosphere.” It is the small hydrogen leaks that need to be watched out for, because they can actually exacerbate global warming.

Hydrogen is an indirect green house gas.

What has been found is that when it leaks, it creates a chain of chemical reactions that increase the amount of greenhouse gases in our atmosphere. Until now, there has been no way to find small hydrogen leaks. Locating and measuring hydrogen leaks is fast becoming a critical issue.

Currently, for energy, hydrogen is used on a very small scale in buses, cars, and a handful of trains, trucks and homes.

In many cases, renewable electricity is far more efficient, affordable, and cleaner to use than hydrogen. EDF analysis shows that green electricity could power up to 16 times more homes and as many as 9 times more cars when it is used directly for these purposes.

Hydrogen can be a key tool to cut climate pollution – but its benefits are far from guaranteed at this point. It is going to take careful planning, more climate research, and leak detection rules and technologies to ensure that it delivers the climate benefits needed.

Adapted from an article, “Behind the Hydrogen Hype,” written by Shanti Menon in the Spring, 2023, issue of EDF’s *Solutions* magazine.

Ed Marroni – Holy Family Environmental Ministry

The Lumen Christi Legacy Society was established to recognize and thank supporters who have named a parish in the Diocese of Richmond in their estate plans. If you have already included Church of the Holy Family in your Will, you are automatically a member of the Lumen Christi Legacy Society. By making a planned gift to our parish's legacy giving, you will be providing Church of the Holy Family perpetual financial support and will pass on our Catholic Faith to future generations. If you would like to learn more about leaving a legacy gift to Church of the Holy Family, please call the Parish Office at 757-481-5702.

CHURCH OF THE HOLY FAMILY BEREAVEMENT SUPPORT GROUP

"Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around."

~ Leo Buscaglia

Grief is the conflicting feelings caused by a change or an end in a familiar pattern or behavior; it is the normal and natural reaction to loss. Our Bereavement Support Group meets Tuesdays at 2:00 p.m. in the Parish Library. If you, or someone you know is grieving, please join us. These meetings will be confidential and held in a safe environment.

RCIA

RCIA is short for the "Rite of Christian Initiation of Adults." RCIA is the normative process where those who are interested in the Catholic Church have a time of discernment about a possible call to full participation in the Catholic faith.

RCIA is open to:

- Those adults who have not been baptized and are spiritually looking
- Those adults who have been baptized in a recognized non-Catholic Christian tradition
- Those adults who were baptized Catholic, but have not celebrated Eucharist and Communion

Participating in RCIA does not mean that you have to become Catholic, but it does help you discern as to whether God is calling you to join the Catholic Church.

Please contact the Parish Office at 757-481-5702 if you are interested in learning more.

SPIRITUAL COMMUNION PRAYER:

My Jesus, I believe that You are truly present in the Most Blessed Sacrament. I love You above all things, and I desire to receive You within my soul. Since I am unable at this moment to receive You sacramentally, come at least spiritually into my heart. I embrace You as if You were already there, and unite myself wholly to You. Never permit me to be separated from You. Amen.

AFGHAN REFUGEE UPDATE

In December of 2022, Holy Family partnered with Commonwealth Catholic Charities to support and mentor six male Afghan refugees. We have journeyed together to find housing, employment, banking, driver licenses, medical care, cell phones, insurance and much more. Two of the men are no longer in Virginia Beach. Both had friends in other parts of the country. The other four remain in Virginia Beach and we continue to assist them. They are in different stages of obtaining asylum but all have applied for temporary protective status. All four of them have cars and are completely self-sufficient financially. Two men work in hotels and restaurants and one works repairing HVAC systems and the other one recently got his CDL truck driving license. They miss their families and country dearly.

The 2nd Annual Art and the Environment Art Camp at Holy Family is currently being planned. The art camp will run the week of July 31st through August 4th. The camp is open to rising 5th, 6th, 7th and 8th graders
