

**To our Brothers & Sisters of the Catholic Parishes of the Blue Hills,**

The mission of our three parishes has been, and will forever be, to continue the ministries of Jesus Christ and overall community we serve, the Love of God.

Our intention in issuing this report is to convey a solid financial foundation for our three parishes while strengthening our financial position for the future. Despite significant operating losses of **\$25,610** for St. Pius X Parish, **\$163,566** for St. Anne Parish and the Collaborative, the Collaborative thankfully retains a healthy financial foundation. We are fortunate in our ability to demonstrate that our cash balances at the close of 2025 are strong and will continue to be. The ultimate pursuit of fulfilling our mission well into the future will be achieved through consistent annual revenues that exceed total expenses.

The upcoming fiscal year, July '25 through June '26, is projected to result in a combined loss of approximately \$160,000. This loss is primarily due to the potential leasing of our school buildings at Most Precious Blood and St. Anne School. If we are successful in this endeavor, we will offset our projected loss with this other means of income. You will notice that if we exclude rental income, all three parishes will show a degree of success.

We continuously provide transparency on the financial state of the individual parishes within the Collaborative. This report highlights the challenges we face in our ongoing operations and future plans in support of our mission going forward. This year's annual financial statement continues to be financially insolvent heading into Fiscal Year 2026. By the end of June 2025, St. Anne had \$160,000 in debt of roughly \$76,000 and \$160,000 related to the school roof and amounts owed to MPB respectively. The parish's assets do not exceed St. Anne Parish's assets. Despite these financial hurdles, St. Anne Parish and its parishioners have demonstrated a strong spirit of giving and endurance through these difficult financial times. St. Anne's collections in 2025 increased by almost a full \$12,000 compared to 2024. This increase is a testament to the greatest response to our increased giving campaign. In fact, all three parishes have shown promise for optimism. The Haitian community has, in response to the financial challenges to the parish, had several fundraisers to offset the loss. The parish's offertory and online giving show increased growth in offertory and, most promisingly, online giving which increased by 22%.

Please find within this document a cash summary for the respective parishes in the Collaborative. This will show where we ended the year in terms of cash. You will find explanations as to how these changes in cash balance occurred. The Income Statement (Income Statement) is also attached for each individual parish. If you have any questions or concerns, please contact Anthony Domenici, Dir. of Finance and Operations, at 857 342 9500 x 16 or via email at [finance1@bluehillscollaborative.org](mailto:finance1@bluehillscollaborative.org). Father Joe can be reached at 857 342 9500 x 13.

As we look towards the upcoming year, we anticipate many challenges and rewards as we work towards the mission of the parishes. Our prayer is for success in the upcoming year and for many years to follow. May God bless you all and thank you for your continued support.

May the peace and Love of Christ be with you all.  
Anthony Domenici, Dir. of Finance and Operations
