

# Good Shepherd & St Christopher

## June 29th 2025

As a nation next weekend we look to our “Founding Fathers” like George Washington and Thomas Jefferson and but on this weekend our church looks to St Peter and St Paul—two men who could not have been more different in size, tone, and education. Yet, through God’s providence and plan they both came to know, love and serve God in important and unique ways. The church celebrates their feast days together because they both died in Rome under the persecution of the Emperor Nero between 64-66AD and while they were different in so much they died witnessing to the same faith.

**One of the very cool things....and frankly very profound things I have learned recently in the prep for the 100th anniversary of the church at St Christopher's is the fact that when they were building it—as the date for the cornerstone drew near—the Pastor invited the folks to bring their own stones from the field of their farms and properties to make that the exterior of the church. The people would literally help to build the church. St Peter in his first letter writes as “the Rock” - Petra—Cephas— Jesus chooses to build His Catholic Church upon - uses the image of the churches members as the living stones who come together to form the church. Who knew 1925 Red Hook was so tuned into the Epistle of St Peter? Can you find the cornerstone? Are you a solid rock? Are you a living stone that God can use to build up His Church?**

So I've been able to catch up on the collections in the bulletin—it seems for a while we were just missing the cutoff dates for printing or I was too efficient sending bulletins in two weeks early with no collection info.
