WHY DO CATHOLICS DO THAT. . .?

Catholic Practices and Prayers; Being Catholic

There are an estimated one billion Catholics living in the world. That is about 17 percent of the world's population. There are more Catholics than there are people in any other Christian denomination. There are also more Catholics than there are Jews, Hindus or Buddhists—only Muslims have more members. The great number of Catholics in the world testifies to Catholicism's universal appeal and to the power that the Catholic faith has in people's lives.

Core Catholic Beliefs Part 1:

- God created human beings to be in perfect union with God and one another. However, the sin of our first parents—original sin—deprived the human race of out original holiness and justice.
- Throughout human history, God worked to restore the relationship of love and trust that was lost through original sin. God did this by entering into covenants— special relationships based on mutual promises— with Noah, Abraham, and Sara, and also the people of Israel. But the people often broke their covenant promises.
- Ultimately God sent God's only begotten son, Jesus Christ , as savior for the human race. Christ was both fully God and fully man. He became the perfect sacrifice for the forgiveness of sins and the restoration of the relationship of love and trust between God and humankind.

New Parish Ministry: Welcoming Ministry

Welcoming is core to Christian hospitality. Members of the Welcoming Ministry create spaces that embrace all and build genuine connections among members. We aim to build community and unity among parish members.

- Are you interested in welcoming visitors or newcomers in our community?
- Would you like to represent St. Vincent's when people receive sacraments?
- Would you enjoy greeting people as they enter church for Mass?

Interested? Call Pat Johannes at (928)-242-6192
