

~ Sacred Heart Dance Program ~

It is with great pleasure that I announce that the Dance program will return to Sacred Heart School the week of **Monday, September 12th**. The school year long program will culminate with a full class performance in early June (Recital participation is optional).

The students are guided and encouraged to explore and achieve their own unique potential and personal expression in a positive learning environment. The program meets the level of individual need and aspires to increase self-confidence, creativity and knowledge of how art and music, through dance, can positively influence a young child's life. I look forward to bringing this program back to your school.
