

Second Grade Summer Work 2023

H. Doherty
Second Grade
Sacred Heart STEM

We are so excited for your scholar to begin their second grade journey this coming September! To ensure your child is best equipped for this transition, the following jobs are the required summer work if your scholar will be completing second grade here:

1. Reading log

Scholars should be reading for at least 10-20 minutes everyday. The reading log is set for weekdays (5 days a week over the entire summer), though the schedule is flexible. Please log the date, reading time, book title, and author for each set reading time. If a reading log is misplaced, please document the books and time on a piece of paper.

2. iXL

Each scholar is set up with an account on iXL. Please have your child complete 20 minutes of iXL at least two to three times a week this summer.

3. Summer Journaling

In any kind of notebook or journal, scholars may document their summer days. Journal entries should include the date, their activities, a drawing, and just their thoughts or feelings. Scholars may also complete journal entries on the books they are reading over the summer. At least ten journal entries will be due on the first day of school.

This work should be turned in on the first day of school. The school supply list will be posted on the school website under 'second grade'. I am excited to begin this journey with you all!

Sincerely,
Ms. Doherty
