MISSOURI CATHOLIC CONFERENCE  **DID YOU KNOW?**
The Pro-Abortion Initiative Petition seeks to amend the Missouri Constitution and legalize abortion throughout ALL stages of pregnancy.

WHAT IT SAYS:

1. This Section shall be known as "The Right to Reproductive Freedom Initiative."
2. The Government shall not deny or infringe upon a person's fundamental right to reproductive freedom...including but not limited to prenatal care, childbirth, postpartum care, birth control, abortion care, miscarriage care, and respectful birthing conditions.
3. The right to reproductive freedom shall not be denied, interfered with, delayed, or otherwise restricted unless the Government demonstrates that such action is justified by a compelling governmental interest achieved by the least restrictive means. Any denial, interference, delay, or restriction of the right to reproductive freedom shall be presumed invalid.
4. Notwithstanding subsection 3 of this Section, the general assembly may enact laws that regulate the provision of abortion after Fetal Viability provided that under no circumstance shall the Government deny, interfere with, delay, or otherwise restrict an abortion that in the good faith of a treating health care professional is needed to protect the life or physical or mental health of the pregnant person. ...
8. For purposes of this Section, the following terms mean: (1) "Fetal Viability", the point in pregnancy when, in the good faith judgment of a treating health care professional and based on the particular facts of the case, there is a significant likelihood of the fetus's sustained survival outside the uterus without the application of extraordinary medical measures.

WHAT IT DOES:

THREATENS PARENTAL RIGHTS
By using "person" instead of adult or woman, anyone under the age of 18 could have an abortion or make any other reproductive decision without their parents' consent or notification.

MISLEADING
Referring to "miscarriage care" promotes the myth that a "right to abortion" is necessary to preserve care for miscarriages and ectopic pregnancies. This is false. Catholic hospitals have always provided comprehensive miscarriage care and will continue to do so regardless of the outcome of this petition.

PUTS WOMEN AT RISK
Current Missouri laws* require abortion providers to explain procedure risks and ensure access to hospital transfer if needed and to administer medication abortions in person in case of complications for the woman. These health and safety standards could be seen as an "interference" or "delay" and be eliminated, making it even less safe for women seeking an abortion.

ALLOWS FOR ABORTIONS IN THE SECOND AND THIRD TRIMESTER
This amendment allows abortions at any time to protect not only the physical, but also the mental health of the woman. This means that a health care provider could justify a late-term abortion due to a woman's "emotional, psychological, [and] familial" concerns**. An abortion provider would decide when a baby could survive outside the womb, leaving no clear protections for preborn children.
