PASTOR'S PULSE ON THE PARISH

SUNDAY

2025

Dear Friends,

We have pavement! ☺ The paving process commenced on Monday of this past week and wrapped up at the end of this week. This is another big step in the right direction. We now have four inches of pavement base in the parking lot, which will provide a solid surface for many years to come.

Protect our new asphalt

Wisconsin winters can affect the longevity of asphalt, so we'll need to stay on top of regular seal coatings to ensure that the base stays as protected as possible.

In order to preserve the fresh asphalt, I would please ask that you be mindful of not turning your steering wheel when your vehicle is not moving. Turning your steering wheel when your vehicle is stationary causes the tires to dig into the asphalt and create divets. If you turn your steering wheel while your vehicle is in motion, it will prevent those divets from being created. Thanks for your help in preserving our new lot!

NOMINATE PARISH TRUSTEES

A reminder that the nomination phase for parish trustee concludes this Wednesday, October 15th. We have several names that have been submitted - thank you! Please submit additional names by contacting Julianne in the office or sending an email to communication@sbmsn.org.

Parking stalls, speed bumps

You'll notice several different line colors in the lot: white (for parish parking stalls), blue (for handicap-accessible stalls), green (for stalls that have EV charging stations), and yellow (for stalls that are designated for Goodman Community Center). Parking bumpers will be added in the next few weeks.

We're going to monitor traffic moving through the lot, and if needed, we will add some speed bumps to keep traffic moving through the lot at a slow pace. Many of you have experienced vehicles speeding through the lot, causing close encounters with parishioners and pedestrians. My personal preference would be to omit the speed bumps, but we will add them if safety is an issue.

Steady progress on campus

The time to raise the bells to the tower is quickly approaching. The final steel is being fabricated at this time, and once it arrives onsite and is installed, we'll be ready for bell placement. My hope is by the end of this month.

This week, the choral music filing system will be installed in the undercroft. Once that is completed, the undercroft will be ready for paint and ceilings. We'll soon be finishing the marble tile in the sanctuary and bringing that to a conclusion as well.

Paul is busily at work on the niches for the 12 apostles. Pictured at right is a sample of what the niche will look like. Sinks and toilets have been reconnected on the second floor of the rectory. We're waiting

for shower walls to be installed next, and finally, shower doors. Areas that require carpet will be installed in the next few weeks. Steady progress is being made!

Luke House volunteers needed

We have many dedicated parishioners who help at Luke House, a community meal program that is located just a few blocks from the cathedral. Peter Joyce has been leading the efforts for several years now, and I'm so grateful to him for his dedication to this ministry and to the many parishioners who help.

There has been some turnover in volunteers, and we're looking for some additional assistance with preparing casseroles. The type of casserole is already determined - you simply have to follow the recipe card, make the casserole, and drop it off here at the cathedral. Would you consider helping in this important ministry to feed the hungry in our area? If you can help with casserole prep, please contact Peter directly by emailing peterjoyce04@gmail.com or phoning him at 608-556-3586.

Congratulations on Baptism

We congratulate and offer our prayers and best wishes to Eric and Carla Schrader, members of the cathedral who recently had a baby boy, Owen Gabriel. Owen was baptized here at the cathedral last weekend. May the Lord grant him protection and many happy, healthy, and grace-filled years as a member of the Body of Christ.

*With love in the Sacred Heart,
Fr. Michael*

OCTOBER IS RESPECT LIFE MONTH

Advance Medical Directives: Planning for Your Future

Read the full version at respectlifeprogram.org/advance-directives.

Human life is good and to be protected. All medical decisions ought to reflect this core belief. Yet some medical and legal documents used to define a patient's future care can be harmful. No matter how well-crafted, they can't predict all the possible scenarios and best courses of action. In each set of circumstances, we need to judge whether a given treatment will provide real benefit to the patient, without causing harm or disproportionate burdens. The safest option is to designate a health care agent to make decisions if you become incapable of doing so. It's best to appoint a responsible, trustworthy person who understands and shares your Catholic values, and can apply them when the need arises.
