

This week's *holy* moments prompt is: Be honest.

How can you help your student(s) collaborate with God to make a holy moment this week? Here are some holy moments our students noticed last week:

- "I took time during practice to throw away litter."
- "I got to go to a beautiful wedding."
- "I found a bible verse that will help me overcome some things: Ezekiel 18:26-28"
- "Kids singing at church." From our all-school mass on Wednesday.
