The goal of the camp is to get your son or daughter ready for their little league season. Focus will be on hitting, fielding, and pitching. The fundamentals of those three aspects of the game, but not limited to just those 3 parts of the game. We will go into the mental side and how it will affect your game. Baseball is a game set up for failure...How do we handle that?

My name is Loi Kraft. I am the head baseball coach at Gehlen Catholic. At some point you will strike out...At some point, you will walk somebody or have a bad day on the mound..At some point you will have an error in the field. How do we handle that? As a coach we see it time after time. A kid is unable to go to the next pitch because he or she is still thinking about the last pitch. And then it spirals downward and it's not fun anymore.

During the camp we will coach them through our approach to hitting, fielding, and pitching. While at the same time coaching them to have an athlete mindset.
