# Dominic Deliberations

This Sunday we celebrate Good Shepherd Sunday. Jesus goes in search of his lost sheep and strives to unite them to the flock. A shepherd's heart prays for the lost sheep; Jesus prayed often before drawing someone to himself. Groups like FOCUS missionaries pray for specific students that the Lord will bring them to Jesus. A shepherd's heart proposes the beauty of the faith because people respond to beauty better than they respond to wagging fingers. A shepherd's heart proclaims the encounter between Man's questions and God's answer to real human questions. In the gospels there's often an encounter between a person in need and Jesus' answer. A shepherd's heart lives radically the Evangelical Councils: Poverty, Chastity, and Obedience with deep trust in the Lord. The Evangelical Councils are convincing to non believers because they aren't chosen for worldly value and those that live them have found something of greater value. A shepherd's heart seeks the lost sheep through a personal encounter; face to face, one on one. Jesus sent his disciples out two by two to preach, teach, and heal. The shepherd's heart is broken when one sheep leaves the flock and how much more for the 75 that are lost.

Let us continue to pray for the new pope that he may be a good and brave shepherd leading the church during these times.

I wanted to share with everyone the amount raised by each church's fish fry during Lent. Thank you, to all the volunteers that made them successes.

## Inside the Conclave

The world watches with interest as cardinals gather in conclave - literally under lock and key - to elect the next pope. The rarity of the event, the ceremony and secrecy add to the intrigue.

### Sistine Chapel

The centuries-old chapel adorned with Michelangelo's frescoes has been the site of every papal election since 1878.

It's Marble floor is covered with wood. The windows and doors are shut as the Master of Papal Liturgical Ceremonies exclaims, "Extra omnes!" ("Everybody else, out!")

A sweep is performed for electronic devices, even on the electors.

### Cardinal Electors

Placing a hand on the Gospels, each one swears to uphold the rules and secrecy of the conclave. Any communication with people outside is forbidden. They may not receive messages or news.

Cardinals under the age of 80 when the see became vacant may vote in the conclave. There are 135 eligible cardinals at this time.

### Ballots and Voting

Votes are handwritten and cast individually into special urns. The top of the ballot reads "Eligo in Summum Pontificem" ("I elect as the Supreme Pontiff").

Ballots are counted by three "scrutineers." The work is checked by three "revisers." The ballot counters and verifiers are chosen by lot at the start of the conclave.

One round of voting is expected the first day. Each day after, two votes are taken in the morning and two votes in the afternoon until a successful vote. Should the conclave extend longer than 4 days, the electors will spend additional time in prayer and discussion before voting resumes.

A two-thirds majority is required to elect the new pope.

The Sistine Chapel ceiling was painted by Michelangelo between 1508 and 1512. He also painted "The Last Judgment" fresco above the altar between 1535 and 1541.

During the conclave, cardinals stay in the Domus Sanctae Marthae, a guesthouse on the edge of Vatican City. They take short bus rides or walk to their sessions.

### How Long Will It Last?

The last seven conclaves lasted only a few days.

Pope	Days	Ballots
Francis	2	5
Benedict XVI	2	4
John Paul II	2	8
John Paul I	1	4
Paul VI	2	6
John XXIII	3	11
Pius XII	1	3

A Swiss Guard stands watch outside the door facing the Sala Regia.

### Stove and Smoke

A chimney is installed on the roof of the Sistine Chapel for the conclave. In the back corner of the chapel, a stove is set to burn ballots and related papers, including notes taken by the electors, each morning and afternoon.

If balloting is not successful, the smoke burns black with the help of an added chemical.

If balloting is successful, a chemical is added to produce the celebratory white smoke - the signal that the Church has a new pope.

### "Habemus Papam"

The one who is elected is asked if he accepts the election as pope. If he accepts, he chooses the name he will take. From the central balcony of St. Peter's basilica, the senior cardinal deacon proclaims, "Habemus papam!" ("We have a pope!"), and announces his name. The new pontiff appears on the balcony and imparts his first papal blessing.
