Meet Savannah!

Do you like to be creative by making art, crafts, drawing, and cooking? Then 16 year old Savannah would be a perfect match for your family! Savannah would like to share that they enjoy spending most of their time inside being creative, drawing, and being a scientist in the kitchen by making different foods! Savannah does not love being extremely active, but enjoys going for walks through parks, feeding ducks, and having picnics. Their definition of a perfect day includes the weather being 75 degrees, sunny, no wind, and starting the day with making a big breakfast, drawing in their notebook outside, taking an afternoon nap, going for a walk or swimming, and then settling down with a good book or movie. Savannah dreams of owning their own business to design and make baby clothes for low-income families! They are funny and enjoy telling jokes to make people laugh. Savannah has never been camping and would love for a family to take them!

Savannah's team is looking for a one or two-parent-household with a strong female caregiver. Savannah would do well with younger or older siblings in the home, but would need to be the highest needs youth in the home. Savannah does great with animals and would enjoy having a dog or cat to take care of. It is important to Savannah that their forever family is supportive and clear on expectations, but will also give them space to make mistakes and learn from them on their own.
