

An impressionistic painting of a flowering tree, likely a cherry blossom, with dense, colorful brushstrokes in shades of pink, white, green, and brown. The tree's branches are thick and gnarled, and the foliage is a vibrant mix of colors.

Using an Allowance to Help Teach Stewardship

We all know that money can't buy happiness. Rather, happiness comes from being content with what we have and feeling like we are making a difference in the world. We can put our children on the path to a happy and successful life by teaching them how to use and manage money so that it brings them contentment, fills their needs and allows them to help others.

Financial experts suggest that children should be taught to divide their allowance into three or four sections – to spend, to save, to invest and to donate. **Spending** covers basic needs and wants. **Saving** teaches patience and planning. **Investing** looks to the future. For children this might mean future educational needs. **Donating** gives kids satisfaction by allowing them to be a part of something important, like the Offertory.

Our Lord calls each of us to share what we have. He tells us, *"Much will be required of the person entrusted with much and even more will be demanded of the person entrusted with more."* (Luke 12:48) Children who learn to give away a portion of their financial blessings not only are following the Lord's command but they also begin to discover that sharing part of their money can be very satisfying. Each Sunday during Mass, we offer a Children's Collection. It is a time where the children of the parish can participate and offer something to their church, whether it's a penny, dollar, or more. We encourage all our children to participate and remind our parents that this collection will not be documented as part of yearly contribution statements. Thank you!
