

A stylized, black and white illustration of the Virgin Mary and the Christ Child. Mary is depicted from the waist up, seated, wearing a long, flowing robe and a head covering. Her hands are raised in a gesture of prayer or blessing. The Christ Child is seated on her lap, also with hands raised. The background is dark with several white stars. The entire scene is framed by a decorative arch. The style is reminiscent of traditional religious art but with a modern, graphic feel.
