

A stylized, black and white illustration of the Virgin Mary and the Christ Child. Mary is depicted from the waist up, seated and holding the Christ Child on her lap. Both figures have their arms raised in a gesture of praise or blessing. Mary has a serene expression with closed eyes and a halo around her head. The Christ Child is also depicted with a halo and a similar serene expression. The background is dark with several white stars of varying sizes. The entire scene is framed by a decorative arch at the top. The style is reminiscent of mid-20th-century religious art, possibly from a children's book or a religious poster.
