# Dominic Deliberations

**T**hank you to all those that helped with the St. Francis de Sales' Fall Festival and especially those that were lead organizers. While fewer meals were sold, it was still a great success.

This Sunday is Catechetical Sunday, we want to thank all the volunteer catechists who have stepped up to help teach the children during family faith formation nights on first Wednesdays of the month. We thank all of our teachers and staff at our schools for the ways that they help our children encounter the person of Jesus Christ. Let us pray ardently that God will bless all of our Catechists this academic year and that the Lord will bring fruit to the work of their hands in the souls of our children.

Stewardship is the responsible management and protection of something entrusted to your care, such as natural resources, financial assets, or even your own time and talents. It implies accountability to an owner.

The faith of the Church is in a person, Jesus Christ, he has handed on this relationship with him to the Church to be upheld and protected. The first stage of the Order of Christian Initiation of Adults is helping people have an encounter and know Jesus Christ at which time the Creed is entrusted to them. Once that has happened then they are taught to pray to him at which time the Church entrusts the Our Father to them. The point is that a relationship and trust is built and then there's something objective that is entrusted to help uphold and maintain that which has been entrusted.

Any of us who have come to know Jesus Christ, we have come to know him because someone else has shared him with us and that person was trust worthy which allowed us to believe in him. We have been given faith in Jesus Christ, entrusted with this treasure, which makes us stewards of the gift of faith in Jesus Christ. How and with whom are we being called to share this good news of Jesus Christ with others?

Our schools and religious education are great resources for helping the younger generation come to know Jesus Christ because the faith can be integrated into the other areas of life. Our schools and religious education are getting off to a good start. I'm asking for your continued support as stewards of the treasure that has been entrusted to us. Please consider how you might be a steward in time, talent, or treasure this academic year. Small things like helping stuff envelopes or big things like running a fund raiser event, all of these help. You can also offer your talent to help the parish. Thank you to those that do already share of their time, talent, and treasure already. More is needed to continue to sustain what we have been given.

God bless,  
Fr. Greg

## Catholic Corner

"No servant can serve two masters. He will either hate one and love the other, or be devoted to one and despise the other. You cannot serve both God and mammon." [Luke 16:13](#)

**M**any people dream of being rich. Having a lot of money brings with it a certain amount of security and freedom to do many things that most people could not. Money, in and of itself, is neither good nor bad. If one is rich, that is fine. If one is poor, that is fine. From the perspective of God, the amount of money you have matters little.

With that said, the danger with money comes when you allow it to become your "master." Interestingly, even those who are poor can allow money to become their master when they allow the desire for more to dominate their lives. The key is in the desire and the healthy detachment.

What are you attached to? Are you attached to the money you have? Are you attached to the desire for the money you wish you had? The goal is to see money for what it is. In the big picture, money has very little value. It's a means to the end of taking care of your daily needs but can never become the source of your joy and fulfillment in life. Only God is the proper Master of our hearts and only He can fill you with true riches.

Reflect, today, upon any struggle you have with being overly attached to money, or the lack thereof. God promises to provide for you in your need, so it's essential that you trust Him. And if your financial needs are more than met, be grateful and cultivate generosity as you seek to detach from money as a false source of happiness. Let your heart only be filled with the rich grace of God as its source of fulfillment and you will be rich in the truest sense.

*Lord of all, help me to keep You as the one and only Master of my life. Give me the grace I need to detach from all that is of this world, so as to live for You and in accord with Your will alone. I love You, dear Lord. Help me to love You above all else. Jesus, I trust in You.*

While STAR testing provides a snapshot of where students are right now, it is also a tool that helps us set goals and celebrate progress throughout the year. We are proud of the effort our students have put into these first tests, and we look forward to watching their growth as the year continues.
