Richard A. "Dick" Ruth's Obit (d. Aug. 20, 2024)

Cremation Considerations

Sentire cum ecclesia - Think with the Church

“Through proper instruction and persuasion, Ordinaries are to ensure that the faithful **refrain from cremation** and not discontinue the practice of burial **except when forced to do so by necessity.**”

- Pope St. Paul VI, 1963

“The Church insistently recommends that the bodies of the deceased be buried in cemeteries or other sacred places... **The Church continues to prefer the practice of burying** the bodies of the deceased, because this shows a greater esteem towards the deceased.”

- Congregation for the Doctrine of the Faith, 2016

Cremation Considerations, Continued

Congregation For The Doctrine Of The Faith, Instruction *Ad resurgendum cum Christo* (2016)

“When, for legitimate motives, cremation of the body has been chosen, **the ashes of the faithful must be laid to rest in a sacred place, that is, in a cemetery.**”

“the conservation of the ashes of the departed in a domestic residence is not permitted.”

“In order that every appearance of pantheism, naturalism, or nihilism be avoided, **it is not permitted to scatter** the ashes of the faithful departed in the air, on land, at sea or in some other way, nor may they be preserved in mementos, pieces of jewelry, or other objects.”

How Should We Handle Higher Cremation Rates?

- Discourage cremation
- 2nd (and 3rd, and 4th) Rights of Burial
- Offer smaller graves.
- Ossuaries
- Can't take back parts of graves once sold, even if they are used for cremation.

Should there be a separate section for unbaptized infants?

1917–1983

From 1917 to 1983 there were detailed instructions about who could be buried in Catholic cemeteries.

1983

Since 1983, there had not been canon law or other Church guidance supporting the exclusion of the unbaptized from burial in Catholic cemeteries.

Plotting a new section

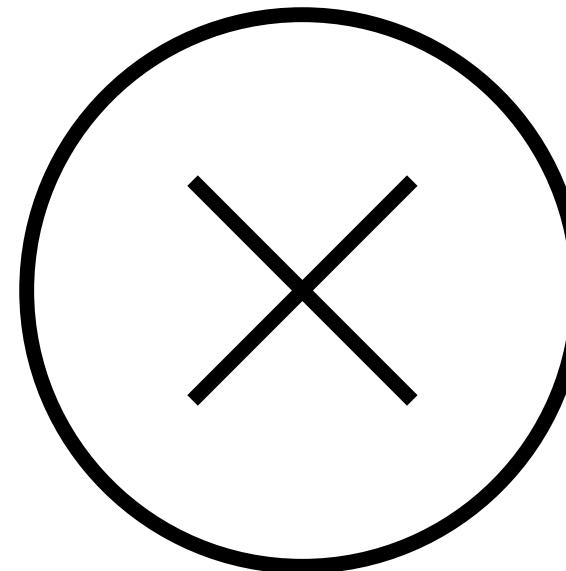

- Be clear about grave size. 40" x 9' is pretty typical.
- If extending a grid, it's fairly easy. Keep grave size the same!
- If it's a brand new section and you don't know anyone with surveying experience, you might want to hire a surveyor.
- Use stakes to identify locations, and measure from the stakes when digging.

Take my
cemetery,
please!

“If there is no sexton, can the
diocese manage our cemetery?”

Will assets of individual cemeteries be kept separate in the mergers?

- No. It's a merger.
- The banking structure for a parish cemetery operation is:
 - one operating account (checking account) and
 - one perpetual care fund account (investment account).
- Donor intent will be respected.
- Each case will be carefully evaluated.

Financial Structure

- A cemetery should have two dedicated accounts: an operating account and a perpetual care fund.
- Cemetery accounting should be on Quickbooks.
- Merged parishes may have several different parish cemetery accounts that can be merged into one operating account and one perpetual care fund.
