

How to Download, Register and Use MyParish App

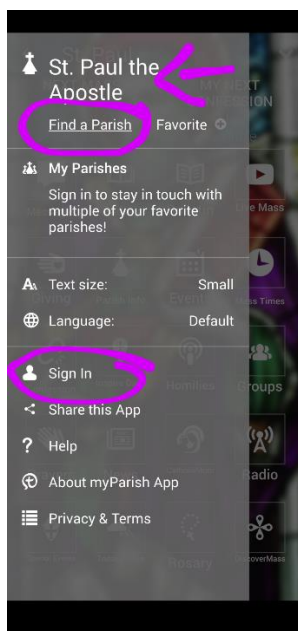

How to download myParish App on your phone or smart device:

1. The easiest is a direct download link. You will need to be on your smart device when you click the following link:
<https://mypari.sh/TDVf> Follow the prompts to download.
2. You can text the word “app” to the number 88202. This will immediately send a link back for you to tap. You will then need to “find” your parish. If you allow locations to be on this should be easy.
3. You can go to your Apple App Store or the Google Play Store and search myParish. Download, and “find” your parish. Again, make sure you allow for the location settings to be on.

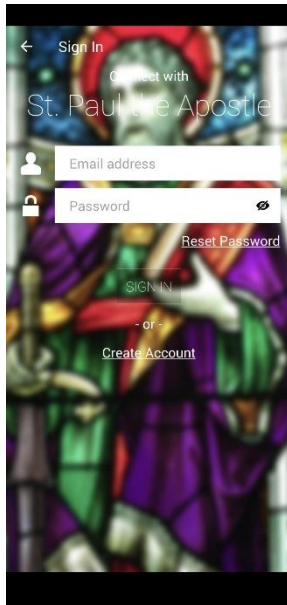

How to create an account – you must create an account to be able to join the Adoration Chapel message group

If you are not showing a gray menu bar on the left of your screen (see photo), then tap the 3 bars in the top left of your screen.

A menu will come up where you can [Sign In](#). (See photo)

Create an account with an email address and password and tap [Create Account](#) (see photo). You will be asked your date of birth which will not be shown on the app but is used by the parish to verify your identity.

[Find St. Paul the Apostle Parish](#)

When loading the myParish app to your device for the first time you will see a find myParish button. Tap this button and allow location settings. You should then be able to choose your parish from a menu.

If you allow location settings to be ON the app will find the 10 or 15 churches that subscribe to the myParish app that are geographically closest to you. If you do not allow for location settings to be ON you will need to search either by zip code or city name.

[How to find the Adoration Chapel Group](#)

Now that you have a user account and have set St. Paul the Apostle Parish as [Your Parish](#), you can find the [Groups](#) icon on the main page (see photo). When you tap [Groups](#), all of the groups in our parish will be listed. Tap the [+Join](#) on the right of the Adoration Chapel section and one of the chapel leaders will add you to the group. Once you have been added, any messages posted in the Adoration Chapel group will appear at the top of your smart

device the same as the general messages from the parish do. You can then tap on the message and it will open up to give a full view.

Helpful Hint: There is a barely visible 4 square icon in the top right of your screen, that is the **Navigate Back to the Home Page** button (see photo).
