SCHOOL

Second grade is off to a great start this year! We have spent a lot of time building our classroom community, connecting it to our social studies unit about citizenship, government, and the importance of being good citizens. We have also learned about rules, laws and leaders. In science, we are learning about matter and spent time planning and building bridges by combining materials. We have also studied the properties of matter and how it changes.

We have loved spending time at all the special events at St. Ambrose! We attended the book fair, performed at a special Mass for Grandparents' Day, and had a visit from local firefighters for Fire Prevention Day. The second graders were also honored at a special commissioning during Sunday Mass for First Communion. This has

all been in the first month of school, and we expect this to be a wonderful year at St. Ambrose in second grade!
