OCTOBER 31, 2021

ADULT FORMATION

CALLING ALL MOMS.

They say it takes a village; so let's build one together!

We are starting a Catholic mom's group and we want YOU to join us.

ALL moms are welcome: trying mothers to empty nesters. There is so much to share and learn from one another at every stage.

We'll talk about our faith and the joys/challenges of raising children in the Catholic faith. We will also enjoy small group time with moms with children of similar age, accompanied by a mentor mom, to share ideas and build relationships.

Contact Darlene at 518-496-1886 for more information.

****We are looking for volunteers (specially mentor moms): please call if interested!****

Meetings are the first Sunday of each month during the Faith Formation hour: Sundays from 9:50AM -10:50AM

St. Ambrose Bible Study

Thursdays @ 7pm
via ZOOM

We cover all parts of the Bible in an approachable way even for first time attendees. E-mail your contact information to thomas.acemoglu@rcda.org to join!

Mass & Adult Formation Sessions

Take a little bit of time to enrich and grow your understanding of our faith!

Join us on the 2nd, 3rd, & 4th Sunday of every month from 9:50am-10:50am in room 312 of the school. This allows you to attend mass at 9am or 11am. Each month has a new theme.

**This month's theme is
"God on a Mission"**

For more information, contact Tom Acemoglu: thomas.acemoglu@rcda.org

31ST SUNDAY IN ORDINARY TIME

GARDEN CLEAN-UP

After a spring and summer of garden enjoyment, it is time to clip back the plants and give the gardens (and the gardeners) some much needed rest. We are planning to get together on **Saturday November 6, 2021** (foul weather date 11/13) from 9:00 am until 12:00 noon to work on the garden areas, getting the plants and beds ready for winter. We are grateful to all of you who have helped in the past. Please let us know about your willingness to help by contacting Mary Sue at 518-469-1329.

THANKSGIVING BAG PROJECT

We will be giving supplies for Thanksgiving dinner again this year. This weekend, there will be bags displayed on the altar. In the bag you will find a food list and instructions as to what you are to do. Please consider taking part in this Thanksgiving endeavor as we remember those who are less fortunate than us. Please donate no later than Sunday, November 14th.

PRICE CHOPPER & HANNAFORD GIFT CARDS IN AMOUNTS OF \$5, \$10 & \$20 FOR PURCHASE OF A TURKEY WOULD BE MOST APPRECIATED.

Thank You and God Bless You!!!

SCHOOL UPDATE

Back with the Kids.

I have been loving seeing all of my students in person this year. I have been so excited to return to my past role of Academic Intervention Specialist (AIS) as well as teaching our oldest kiddos in 6th grade math and science. Last year was certainly full of fun and special moments as I taught our virtual learners, but there's nothing like teaching kids in the same room as you.

Many of my little learners enjoy the quiet, focused time they spend in my classroom as we work on new skills and practice skills from past years. We play games, read stories and do many activities to support these kids and their individual learning styles. While I have many students in my groups that I may have worked with in the past, I am getting to know new students and learn what motivates them.

My 6th graders are amazing. I have known many of them since Kindergarten. They are silly, caring and helpful individuals. It saddens and amazes me that we only have them with us for a few short months before we send them onto their next learning adventure. They have been working hard learning about the basic unit of life; cells. When I bring the microscopes out for them to explore, it is so exciting to see their faces light up with excitement and enthusiasm to use this tool to expand their learning. A couple weeks ago we even made cells out of candy. It was so fun to see them make connections between the text and interactive videos as we used jelly beans, sprinkles, jello, twizzlers, gumballs and a few other items to build our own model of a cell.

I have so much to be thankful for when I look at my students. The moment they step foot in my classroom, they become "my kids". There are few things greater in life than watching a child grow and I am blessed to see it every day with so many kids.

God Bless!
