What is the ONE THING that touched your heart today from the scripture readings, homily, music or prayers that inspires you to “Become the Best Version of Yourself” for this upcoming week?

As we receive the Lord’s Prayer in today’s gospel, what about Pope Francis changing it?

News reports have given the impression that Pope Francis has changed the Our Father. Pope Francis has commented that “the original Greek expression, “lead us not into temptation”, contained in the Gospels is difficult to render exactly, and all modern translations are somewhat limping. ” What the Holy Father did was approve the new Italian version of the Missal used at mass. There are various translations of the Lord’s Prayer. The common Spanish translation is “no nos dejes caer en la tentacion” or “do not let us fall into temptation.”

While there has been consideration given to our English translation in the past, there are no plans to alter the English translation throughout the world.

So what does “lead us not into temptation” mean? It is not that there’s a chance God might tempt us, but rather God is the one guiding our lives and that we desire and ask God to guide us around situations and circumstances of evil influences that tempt us into sin. Indeed, the request to not lead us into temptation is followed by the phrase "deliver us from evil." We pray about these things not because we need to remind God to keep from tempting us but to ask God’s help in avoiding temptation and staying on the path on which God lead us.
