Third Sunday of Easter

In our journey through life we are confronted with several problems and difficulties which can make us lose our perspective. We can lose all direction to life and remain helpless. Then left to ourselves we become nothing and tend to remain with uncertainty. In such situations we need positive support, a sincere understanding which can place us on

the right path. In the Easter context we see Jesus as a counselor and help to the disciples filled with fear. He comes constantly to them and remains with them, guides them and eats with them. By breaking the bread with the disciples and sharing the meal he makes them experience his real presence. Today we have another account of Jesus appearing to his disciples on Easter Sunday. The gospel begins with the story of the two disciples who had the experience of walking with Jesus and their recognition of the Lord in the breaking of bread. Jesus remaining close to them drives away all their doubts and unbelief by giving them the gift of peace. He asks the disciples to touch and feel him and experience his real presence among them. He remains as the real friend in their lives, and helps them back into confidence.
